American Airlines, Inc.-To Improve Air Cargo Operations-

This corporation has named Vice-President Amos Culbert to streamline its air cargo operations. As the first carrier to introduce scheduled airfreight and the largest air cargo carrier, the company has raised this phase of its service to major departmental level.

For some time, Mr. Culbert has been acting as special projects officer in the company. According to terms of the new directors he is authorized to work directly with operations and sales officials in the development of this special assignment.

It is the company's intention to improve the handling, dispatching, and all procedures of the cargo operation .- V. 169, p. 1441.

American Car & Foundry Co.-Production Hits All-Time High Since 1930-

Improved and accelerated production methods and continuous modernization of plants are bearing fruit, this company announced on April 6. During the month of March, 1949 it produced no less than 3,133 railroad cars, an all-time high for any single railroad equipment manufacturer since the year 1930. Of the total, 2,995 units were domestic freight cars, 85 were for export purposes, and 53 were passenger cars for domestic service.

The previous all-time record, also established by this company in April, 1930, was a total of 3,264 railroad cars of various descriptions.

American & Foreign Power Co., Inc.—Hearing April 25 on Exchange Proposal-

The SEC has scheduled a hearing for April 25 upon the proposal of the company to issue a \$19,500,000 6% promissory note to its parent, Electric Bond and Share Co., in exchange for the latter's holdings of \$19,500,000 of Cuban Electric Co. 6% 20-year debenture bonds, series A, due May 1, 1948.

The transfer is contingent upon Poreign Power obtaining commitments for the purchase from it of not less than \$20,000,000 first mortgage bonds of Cuban Electric Co. Foreign Power will receive such bonds of the Cuban subsidiary, together with other securities of that company, in exchange for its Cuban debentures plus those of bond and

The stated purpose of the transactions is to provide Foreign Power with an expeditious means of receiving needed cash and to facilitate the reorganization of Foreign Power's Cuban subsidiaries.—V. 169,

American Independent Oil Co. (Calif.)-Forms Mexi-

American Independent Oil Co. (Calif.)—Forms Mexican Unit—

To aid in the development of Mexico's petroleum resources, Ralph K. Davies, President, announced on April 5 the formation in Mexico of the American Independent Oil Co. de Mexico, S. A.

"This new Mexican company," according to Mr. Davies, "will assume American Independent's responsibilities for exploratory geological and geophysical work and development drilling under contracts entered into last month, in conformity with Mexican law, by Senator Antonio J. Bermudez, Director General of Petroleos Mexicanos (Pemex), the Mexican Government oil monopoly, and a group of American independent operators including American Independent."

The initial area to be developed lies on the Gulf Coast side of the Isthmus of Tchuantepec in Southeastern Mexico. It includes both submerged lands and uplands. "Work has already commenced under the contracts entered into with Pemex.

"This arrangement between the Mexican Government and the American group," Mr. Davies stated, represents the first entrance of North American oil enterprise into Mexican exploration and development since the expropriation of foreign oil properties by the Mexican Government in March, 1938—11 years ago."

The agreement with Pemex provides that the American group will be reimbursed without interest for all costs and expenses approved by Pemex out of the proceeds of 50% of the oil, gas and hydrocarbons produced from wells drilled by them. In addition, they will receive during the 25-year life of the contract as compensation for the work performed, risks run and technical assistance, the value of percentages of gross production, ranging from 15% from oil produced from the uplands to 18¼% from production from submerged lands. The new Mexican company, which is wholly owned by the American Independent Oil Co., has been capitalized initially at 7,000,000 pesos (about \$1,000,000). Its officers and directors, in addition to Mr. Davies, who will serve as President and a director, will be: N. P. Isenberger, Vice-

Ickes.

The American Independent Oil Company is itself composed of 10 independent American oil operators who in 1947 joined forces to enter the international field. They are J. S. Abercrombie, of Houston, Texas; Ashland Oil & Refining Co. of Ashland, Ky.; Ralph K. Davies of San Francisco, Calif.; Deep Rock Oil Co. of Chicago, Ill.; Globe Oil & Refining Co. and Lario Oil & Gas Co., both of Wichita, Kan.; Hancock Oil Co. of Long Beach, Calif.; Phillips Petroleum Co. of Bartlesville, Okla.; Signal Oil & Gas Co. of Los Angeles, Calif.; and the Sunray Oil Co. of Tulsa, Okla.—V. 166, p. 849.

American Oil Explorers, Inc.—SEC Schedules Hearing On Registration Statement—

The SEC on April 6 announced a hearing for April 19 to decide whether to stop the proposed sale of this company's common stock.

The SEC charges there is "reasonable cause to believe that (the company's) registration statement includes untrue statements of material facts and omits to state material facts. ."

The company, an Oklahoma City firm, filed a registration March 17, 1949, for the public offering through Tellier & Co., an underwriter, of 5,000,000 shares of 1 cent par common.

Under the proposed offering, each purchaser of stock would receive a paid-up life insurance policy from Standard Life & Accident Insurance Co. of Oklahoma City, in an equal dollar amount to the stated price of the total number of shares bought by each shareholder.

The SEC asserts this combination of a stock sale with a life insur-

of a stock sale with a life insur-

The SEC asserts this combination of a stock sale with a life insurance offering is "misleading." The Commission also questions whether the insurance could be offered under state laws which require that life insurance be sold on its merits alone.

What benefits Deardorf Oil Corp., American Oil's management adviser and affiliate, will receive from the company is among other matters which the Commission will investigate.

If the Commission finds the company's registration statement misleading or untrue, it could stop the sale of the stock.—V. 169, p. 1217.

American Power & Light Co.-Weekly Input-

For the week ended March 31, 1949, the System inputs of subsidiaries of this company amounted to 246,355,000 kwh., an increase of 18,-919,000 kwh., or 8.32%, over the corresponding week of last year. -V. 169, p. 1441.

American Surety Co .- Official Retires-

Lester S. Moore, Vice-President since 1930, has retired, after 44 ears of service.—V. 169, p. 598.

American Telephone & Telegraph Co.—System Shows Gain of 10,000,000 Phones Since War's End-

The company on April 6 announced that in the 3½ years since World War II, the Bell System has gained more than 10.000,000 telephones. This compares with the more than 45 years it took the System to attain its first 10,000,000 telephones, and brings to approximately 32,000,000 the total number of Bell telephones in service at the end of March

The 10,000,000-mark in postwar gain is a significant milestone in the Bell System's biggest expansion and service improvement program in history. Despite the fact that telephones are being added at the rate of some 200,000 a month, the continuing heavy demand for service is such that more than 1,000,000 orders still remain to be

Of the 10,000 000 Bell telephones added since V-J Day, more than 1,000,000 have been installed in rural areas, where the net gain has averaged about 1,000 every working day. In the last eight years, the proportion of farm homes with telephones has nearly doubled. About 45% of all farms now have telephones, as compared with 25% in 1940.—V. 169, p. 1217.

American Tobacco Co., Inc.—Management Proposals Approved-

The stockholders at their annual meeting on April 6 voted over-The stockholders at their annual meeting on April 6 voted over-whelmingly in favor of the two proposals submitted by the manage-ment—one, a voluntary substantial reduction in the rate of officers' incentive compensation under Article XII of the company's by-laws; the other, a retirement and disability plan for all employees. Two proposals submitted at the request of a few individual stock-holders were decisively defeated. One of these would have put an arbitary limit on officers' compensation. The other was for cumulative

arbitary limit on officers' compensation. The other was for cumulative voting for directors.

The amendment to Article XII, voluntarily proposed by the officers, reduces substantially the share of these officers in that part of the company profits available for incentive compensation. Under the previous operation of Article XII, as earnings exceeded certain specified amounts, the President and Vice-Presidents were paid a percentage of profits beginning at 10% and running down to 5%. Under the amendment adopted April 6 incentive compensation will be computed at a uniform rate of 5%. As applied voluntarily to 1948 compensation, this made a saving of approximately \$900,000, which is estimated to cover the cost of retirement and disability payments for several years, and further savings from the amendment should contribute materially toward such costs in future years.—V. 169, p. 1329. terially toward such costs in future years .- V. 169, p. 1329

Appalachian Electric Power Co .- To Establish Credit

The company has requested SEC authorization to establish an \$18,000,000 line of credit with four banks. The lending banks are Irving Trust Co. (N. Y.), Guaranty Trust Co. of New York, Bankers Trust Co. (N. Y.), and Mellon National Bank & Trust Co. (Pittsburgh). The borrowings would be made from time to time during the period ending May 1, 1950; would be equally divided among the named banks; and would be evidenced by 2½% notes maturing May 1, 1950. Proceeds would be used as interim financing of construction expenditures.

The SEC has given interested persons until April 12 to request a hearing.—V. 169, p. 598.

Associated Telephone Co., Ltd.—Preferred Stock Offered-Paine, Webber, Jackson & Curtis; Stone & Webster Securities Corp., and Mitchum, Tully & Co. headed an investment banking group which offered to the public April 7, 100,000 shares of new cumulative preferred stock (\$20 par), 5% 1947 series, at \$21.25 per share, plus accrued dividends.

Proceeds from the sale will be used by the company to reimburse its treasury for expenditures made for capital purposes and to finance future additions to and betterments of its properties. It is estimated that major gross additions during the next nine months will total approximately \$15,000,000.

The company reports net earnings in 1948 were \$1,560,474, equal to \$2.69 a share on 580,312 preferred shares, compared with \$1.054,763 in 1947, equal to \$2.45 a share on 430,312 preferred shares. Operating revenues during the year amounted to \$14,364,877, compared with \$11,742,925 the year before.-V. 169, p. 1218; V. 163, p. 2110.

Atlantic, Gulf & West Indies SS. Lines-Developing Plan to Recapitalize Cuba Mail Unit—

The management of this company is working out a recapitalization plan for New York & Cuba Mail Steamship Co., its subsidiary, accord-

plan for New York & Cuba Mail Steamship Co., its subsidiary, according to the annual report.

The Cuba Mail company presently has 71,615 shares of common stock, all owned by the parent company. It is proposed to change this capitalization to consist of both common and preferred, and to offer holders of AGWI preferred an opportunity to exchange their shares for the preferred shares of Cuba Mail.

The report stated that, with the proposed sale of the parent com-

pany's Puerto Rican and Dominican Republic interests and equippoperations would now be centered in Cuba Mail.—V. 169, p. 1330.

Atlas Corp.—Reduction in Capitalization Authorized-The stockholders on April 6 authorized a reduction in the capital of the corporation by retiring 38,967 shares of common stock held in

the treasury.

The corporation announced that there had been no substantial changes in inventories since the first of the year.—V. 169, p. 1330.

Beatrice Foods Co.-New Vice-President-

Everett E. Haskell has been elected a Vice-President. He was recently placed in charge of all butter manufacturing operations in addition to being in charge of cream procurement for the entire-company.—V. 169, p. 106.

Beech Aircraft Corp.—Suit Dropped—

The trial of the \$848,000 breach of contract suit against this corporation ended abruptly on March 31 when Carl Rice, an Attorney, on behalf of Empire Air Lines, Inc., proposed to the U. S. Federal District Court that the case be dismissed at the instance of the plaintiff,

without prejudice.

In making this proposal for dismissal, Mr. Rice agreed that the costs of the lawsuit would be paid by Empire Air Lines. On behalf of Beech Aircraft, Daniel M. Moyer, an Attorney stipulated that the defendant would not object to the dismissal by the plaintiff, without prejudice, providing the plaintiff would pay the costs of the action.

The lawsuit was filed against Beech Aircraft Corp. by the New York firm in June of 1947, claiming damages in the amount of \$848, 753.25, with 6% interest on part of that total.

Empire Air Lines, never a C. A. B. certificated air line, ceased operating as an airline in December of 1946, having begun their New York state operation in November of 1945.

Declares 25-Cent Cash Dividend—Backlog Substantial

The directors have declared a quarterly cash dividend of 25 cents per share on the common stock, payable April 30 to holders of record April 16. On Jan. 20, last, the company paid a quarterly cash dividend of like amount, in addition to a 50% stock distribution. In 1948, only one payment was made, i.e.—\$1 in cash on Oct. 15.

Walter H. Beech, President, stated that the company's backlog is substantial and that gross sales for the quarter ended March 31, 1949 were approximately \$4,600,000.—V. 169, p. 486.

Bennett-Ireland, Inc., Norwich, N. Y.—Bonds Offered Mohawk Valley Investing Co., Utica, N. Y., on March 30 offered \$100,000 15-year sinking fund first mortgage bonds at par.

Proceeds will be used to reduce bank loans and for general corporate purposes.—V. 169, p. 1330.

Best & Co., Inc.—To Vote on Employment Agreement The stockholders on April 12 will consider cancelling the pian heretofore adopted for the issuance of common stock to executive employees; also approving an employment agreement with Philip Le-Boutillier, President.—V. 169, p. 203.

B/G Foods, Inc., Chicago, Ill.—Filing-

On March 30 a letter of notification was filed with the SEC covering 25,000 shares of class A (\$10 par) common stock, to be offered at \$11.25 per share. Underwriters are Straus & Blosser; Link, Gorman & Co.; Sills, Fairman & Harris, Inc.; Holley, Dayton & Gernon; Ames, Emerich & Co., Chicago; Irving J. Rice & Co., Inc., St. Paul, M.nn.; Howard Labouisse, Friedrichs & Co., New Orleans, La.; Griffin & Vaden, Inc., Raleigh, N. C.; and Emanuel, Deetjen & Co., New York.— V. 168, p. 739.

Bigelow-Sanford Carpet Co.-Prices Reduced-

D. C. Denebrink, Vice-President for sales, on April 7 announced that this company has reduced prices by 10% to 20% on certain items in its woven line of carpets. These special prices will apply for a limited time only. Mr. Denebrink stated that the action is designed to keep Bigelow retailers competitive in the present price situation. -V. 169, p. 1443.

Bliss & Laughlin, Inc.—Two New Directors-C. Arnold Kalman and W. C. Buchanan have been elected additional directors.—V. 168, p. 2319.

Bulova Watch Co., Inc., N. Y .- Filing-

The company on March 29 filed a letter of notification with the SEC for 9.375 shares of common stock (par \$5), to be offered employees at \$32 per share. The offer expires April 30, 1949.—V. 168,

Bush Terminal Buildings Co.—Stock Split Rejected—

The stockholders on April 4 failed to approve a management proposal to split the common stock on a 20-for-1 basis. This was subject to the approval of a two-thirds majority of each class of stock. Although, common stockholders favored the plan by a vote of 8,485 to 123, the preferred stockholders voted 24,927 for, to 16,091 against the proposal.—V. 169, p. 1222.

California-Pacific Utilities Co.-Preferred Shares Offered-First California Co., San Francisco, and associates on March 30 offered 50,000 shares of 51/2% cumulative convertible preferred stock at par (\$20) and dividends.

The dividends are cumulative from March 15, 1949 and are payable quarterly March, June, September and Dec. 15. The new preferred stock is convertible into common shares of the company on or before April 1, 1959, at an initial basis of 65/100 of one common share for share of new preferred stock. Such conversion basis is subject to

Transfer agent, Bank of America National Trust & Savings Associa-tion, San Francisco, Calif. Registrar, Central Bank, Oakland, Calif.

PURPOSE-The net proceeds (estimated \$915,495) will be used to pay

PURPOSE—The net proceeds (estimated \$915,495) will be used to pay off and discharge in full short-term bank indebtedness, and the balance will be added to treasury funds and will be used to pay in part the costs of the company's expansion program now in progress.

The company's expansion program has been temporarily financed in part by short-term borrowings under a \$700,000 line of credit from Bank of America National Trust & Savings Association. The short-term bank loans now aggregate \$400,000 and may be increased to not to exceed \$700,000 prior to the delivery and payment of the shares now offered and the net proceeds of the new preferred stock will be applied to the repayment in full of such bank loans irrespective of amount.

TO SELL BONDS PRIVATELY—Company presently contemplates that the will issue and sell privately approximately \$600,000 of a new series of its first mortgage bonds late in 1949. Company estimates that the net proceeds from the sale of the new preferred stock, plus funds to be obtained from the proposed sale of such bonds, and funds arising from internal sources, will be sufficient to finance the cost of the company's construction requirements through 1949.

The extent to which further funds will be needed to finance the cost of the company's construction and expansion program in 1950 and 1951 cannot now be determined but if and when additional funds are needed the company will obtain them from its own resources, from the proceeds of any borrowings, the sale of additional securities, or other appropriate means, although no definite additional financing by the company is now contemplated for its 1950 and 1951 construction program.

HISTORY AND BUSINESS—Company was incorporated in California May 7, 1928 under the name Southern Oregon Gas Corp., which was changed in 1938 to California-Pacific Utilities Co. Company has no parents and no subsidiaries

parents and no subsidiaries.

The company is principally an operating public utility engaged in the electric, butane-propane-air gas, water and telephone business in various parts of California, Oregon, Nevada, Idaho and Wyoming. The company is also engaged in the non-utility business of supplying at wholesale butane-propane-air gas to public utility distributors in Centralia-Chehalis, Wash.; and of selling propane tank gas in Southern Oregon and in La Grande, Ore.

Canadian Pacific Ry. - 68th Annual Report-The remarks of W. A. Mather, President, covering the operations for the calendar year 1948 are given in our issue of April 7, page 1517, 1518 and 1519.

Net earnings lower than those of any year since 1905 were reported by the company for 1948 despite gross earnings which reached a new

Gross earnings were \$355.000,000 while net earnings were \$18,000,000 with "uncontrollable costs on the one hand and rigidly regulated rates and revenues on the other" as the reason, states the report.

Compared with 1947, gross earnings were up 11.5% but working expenses, \$335,000,000 for 1948, showed a 13.9% increase over the previous year, resulting in a decrease of more than \$4,000,000 in net

Ratio of net to gross earnings was the lowest ever recorded, declining to 5.2% in 1948 while rate of return on the net investment in railway property in 1948 was 1.8% as against 4.38% average rate of return earned by Class One railreads in the United States on a comparable basis.

Net earnings from rail operations were insufficient for the payment of any dividend on the ordinary stock and once again it was income" which made possible the dividends paid on that stock.

Net earnings from steamships decreased \$1,068,411, hotels \$723,075 and from communications \$1,034,667 compared with the previous year. For 1949 the directors ask for a \$30,000,000 capital appropriation with \$23,(00,000 of it for new rolling stock. Attention is drawn to the switchover to diesel power being made this summer on the Montreal-Newport-Wells River line to New England. 23 diesel locomotives are on order for that service with important economics being anticipated. The appropriations also include pated. The appropriations also include provisions for 10 diesel awlers and 2,240 freight cars.

Dealing with steamships the report antiripates that the recording to passenger service of the Empress of Scotland after her trooping duties will be completed by the spring of 1950.

The company's air lines had a net loss of \$193.645 as compared with \$584,266 in 1947. Operating revenues increased by 2.9% and operating expenses were reduced by 6.1%.

The report shows that the company holds, under varying reserva-tions, the title to petroleum rights underlying 11,378,677 acres of land in the Prairie Previnces. Though recent discoveries of oil in Alberta have proved profitable to the company, it cannot be assumed that more than a relatively small part of this acreage will yield anything of commercial value. The policy of the company has been to encourage development by making favorable terms to companies willing to undertake exploration and drilling. At the close of the year, 33,088 acres were under lease to various oil companies and 9,136,539 acres under reservation for exploration reservation for exploration.

No decision has been reached as yet by the Board of Transport Commissioners for Canada on application of the Canadian railways for a further 20% freight rate increase to offset some of these costs. The decision, however, is expected shortly.

Capital Airlines, Inc.—Purchases Debentures—

Capital Airlines, Inc.—Purchases Debentures—
The corporation on April 5 announced that it had completed the purchase of more than \$2,000.000 principal amount of Pennsylvania-Central Airlines Corp. 15-year 3½% convertible income debentures, due Sept. 1, 1960, and that it will deposit the debentures with Manufacturers Trust Co., trustee, to meet sinking fund requirements due May 1. The corporation on March 15 issued invitations for tenders of the debentures by April 4. The company said on April 5 it was accepting for purchase all debentures tendered at a price of less than \$650 per \$1,000 principal amount and that all debentures tendered at \$650 or more were being rejected. The purchase of the debentures for deposit in the sinking fund was made with \$1.353,085 of income available for this purpose. Capital Airlines, Inc. was formerly known as Pennsylvania-Central Airlines Corp.—V. 169, p. 1447.

Capital City Boating Corp., Washington, D. C.—Prefererd Stock Offered - Lawrence R. Shepherd & Co., Washington, D. C., are offering 50,000 shares of preferred

stock (par \$2) at \$3 per share.

CAPITALIZATION—Preferred stock (par \$2), 50,000 shares; common stock (par 10c), 50,000 shares. Of the 50,000 common shares, only 2,900 shares are outstanding, 2,000 of which have been given to one 2,900 shares are outstanding, 2,000 of which have been given to the of the promoters for his services rendered in the creation of the idea, plan and guidance successfully culminating into this corporation. The other £00 shares were equally divided among the nine original directors who are also promoters for which they paid the par value of 10 cents per share.

who are also promoters for which they paid the par value of 10 cents per share.

The corporation was incorporated in Delaware, June 8, 1948, as an amusement and transportation company. Its immediate and primary objective is to operate an excursion boat which will make short day and night cruises from its mooring in the District of Columbia, down the Petomac River and return to its starting point.

The net proceeds to be derived by the corporation from the sale of the preferred shares will approximate \$124,000 after deducting all underwriting fees and expenses. This with the returns from the common stock when it is offered for sale will be used to purchase an excursion boat with the capacity of approximately 1,700 persons and to acquire other necessary factors for such a business.—V. 169, p. 203.

Central & South West Corp.—New Director—

John S. Osborne, Executive Vice-President, has been elected a Director to fill the vacancy caused by the resignation of Percy Jones.

Aims at 748,006 Kilowatts Capacity by End of 1951-Further public financing will be needed by the corporation and its operating subsidiaries in the next year or two to pay the cost of their construction and expansion program. Approximately \$62,000,000 was spent on new construction in the past two years, and another \$33,000,000 is planned for 1949. Ultimate goal of the program is to increase the system's rated generating capacity from 457,000 kilowatts in 1947 and 508,000 kilowatts at the 1948 year-end to 748,000 kilowatts by the end of 1951. The program has been revised upward in the addition watts by the end of 1951.

watts by the end of 1951. The program has been revised upward in accent months as it became apparent that the trend in the addition of new customers was increasing faster than previously anticipated. The corporation last year marked up a 13.3% gain in operating revenues, which reached a new high of \$61,864,000. Operating costs rose even faster, however, and were 14% higher than the 1947 level. Net income for the system was equal to \$9,967,000 in 1948 against \$9,105,000 in 1947. The parent company last year received \$6,196,300 in common dividends from its four operating subsidiaries, Central Power & Light Co., Public Service Co. of Oklahoma, Southwestern Gas & Electric Co., and West Texas Utilities Co. Of this amount, Central & South West Corp. distributed \$4,950,000 in common dividends to its shareholders and also retired \$250,000 of its serial notes during the year.—V. 169, p. 203.

Chesapeake & Ohio Ry.—Stock Purchase Agreement—

The stockholders on April 19 will consider a stock purchase agreement with Walter J. Tuohy, First Vice-President, to purchase 10.000 shares of common stock.

Sells Erie Common Stock-

The company has sold its holdings of \$6,700 shares of Eric RR: common stock for \$13 a share, or \$607,100. These shares represented by voting trust certificates, were carried by the C. & O. at a book value of \$2,680,032 and the loss from the sale was taken for tax

urposes.
The name of the purchaser was not disclosed, but it was indicated hat the stock was bought to be held.
The C. & O. retains voting trust certificates for 259 shares of Erie & preferred and \$27,750 of Erie general mortgage income 4½% onds, series A.—V. 169, p. 1447.

1948 Revenue Highest in 100 Years-

Total operating revenues for 1948 were the highest in the 100-year history of this company, R. L. Williams, President, pointed out in the annual report mailed to stockholders on April 5.

Total operating revenues were \$195,019,864, an increase of \$18,738.669 over those of 1947. Net income was \$7,905,480, an increase of \$1,795,746, over that of the previous year, while operating expenses were \$165,487,170, an increase of \$17,671,191. The report said this was "due to the previous year, while operating expenses were \$165,487,170, an increase of \$17,671,191. The report said this was "due to the previous year, while operating expenses were \$165,487,170, an increase of \$17,671,191. The report said this was "due to the previous year, while operating expenses were \$165,487,170, an increase of \$17,671,191.

largely to wage increases and the rising costs of materials and fuels."
Mr. Williams reviewed the reduction of the company's capitalization
and annual requirements since June 1, 1944, date of consummation of its reorganization. He reported that total capitalization was reduced from \$422,037,477 to \$349,026,535, and total fixed charges reduced from \$3,934,431 to \$2,578,527. Total annual requirements were reduced from \$9.894,624 to \$7,207,378.—V. 169, p. 1005.

Chicago & Southern Air Lines, Inc.—Filing—

The company on March 29 filed a letter of notification with the SEC for 5,000 shares of common stock, to be offered at about \$10 per share without underwriting. Proceeds will be used to increase capital.—V. 169, p. 376.

Cincinnati Gas & Electric Co.—To Sell Common—

The company has made application to the SEC for authorization to issue and sell 249,334 additional shares of its common stock (\$8.50 par) in order to finance in part its major construction program. The stock is to be offered for subscription by common stockholders at the rate of one new share for each nine shares held on a record date later to be specified. There are presently outstanding 2,244,000 shares

There will be no present public offering, no underwriting and no competitive bidding for the stock, due to the fact that it is to be offered to stockholders in accordance with their pre-emptive rights. Disposition of unsubscribed shares will be made at a time and in a manner to be determined later .- V. 169, p. 1448.

Claude Neon, Inc.—Unit Disposes of Insurance Operations-

The Pioneer Equitable Insurance Co. of Indiana, a wholly-owned subsidiary, on March 31 announced it had disposed of its insurance operations to the Rhode Island Insurance Co.—V. 168, p. 1479.

Cleveland Electric Illuminating Co.—Definitive Bonds Definitive first mortgage 3% bonds, due Dec. 1, 1982, are now available at the Guaranty Trust Co. of New York, 140 Broadway, New York, N. Y., in exchange for outstanding temporary bonds.

Doman Helicopters, Inc .- New Name-

See Doman-Frasier Helicopters, Inc. above.

Dresser Industries, Inc.—Receives Large Contract—

Batteries of Clark "Big Angle" gas engine driven compressors totaling 88,000 brake horsepower will be installed in pumping and booster stations along Transcontinental's 1839 mile "biggest inch" pipeline from Texas to New York, it was revealed April 1 by C. P. Clark, President of Clark Eros. Co., Inc., of Olean, N. Y., and a director of the parent organization, Dresser Industries, Inc.

Mr. Clark said that the \$6,000,000 order received through the Fish Engineering Corp., Houston, Texas, contractors for Transcontinental Gas Pipeline Corp., called for delivery of 55 of the huge Clark 1,600 BHP angle units. Part of the order, one of the largest ever to be placed by the industry for gas engine-driven compressors, is subject to the approval of the Federal Power Commission, it is understood.

—V. 169, p. 1322.

Douglas Oil Co. of California-Notes Placed Private--W. G. Krieger, President, on April 6 announced completion of new term financing privately placed by Lehman Brothers consisting of \$1,600,000 secured 4½% serial notes with a final maturity of Feb. 15, 1955. Proceeds of the financing will be used to retire all bank debt and for plant expansion and drilling.

Mr. Krieger said the company has acquired several leases in the Signal Hill area where a well has just been spudded-in which will be drilled to the new De Soto Zone. In the Cat Canyon Field the Los Flores No. 14 has been completed in a new fault block, the well being 350 feet higher on the structure than the Los Flores 13.

The Douglas oil reserves have increased from 2,200,000 to more than 2,500,000 barrels during the past year. Mr. Krieger stated —V. 168.

3,500.000 barrels during the past year, Mr. Krieger stated .- V. 168,

Dow Chemical Co.—New President, Etc.-

Earl W. Bennett, Chairman of the Finance Committee, on April 5 was also elected Chairman of the board, and Leland I. Doan, formerly Vice-President and Secretary, has been elected President, both succeeding the late Dr. Willard H. Dow, who was killed in a plane crash on

March-31.

A. P Touted and Russell L. Curtis, formerly Assistant Secretaries, become Tice-Presidents, and Calvin Campbell, head of the company's

legal department, has been elected Secretary. Dr. Mark E. Putnam, a Vice-President, was named General Manager and a member of the executive committee Carl A. Gerstacker, who is a member of the finance committee, has been elected Treasurer, succeeding Mr. Bennett, who also had been a Vice-President.—V. 169, p. 1450.

Eagle-Picher Co.—Announces New Paint Line—

Company on April 5 announced that it has begun making a new, complete line of quality paints for both interior and exterior use.

Three modern paint manufacturing plants, all recently acquired by the company and making use of new type equipment, will turn out the new paints. These are at Lyons, Oklahoma City, and Atlanta, Ga. -V. 168, p. 2323.

El Paso Natural Gas Co.—Exchange Ruling—

The amendment to the certificate of incorporation having been filed on April 4, the New York Stock Exchange on April 5 directed that Exchange contracts in this corporation's common stock (par \$3) on April 18, 1949, shall be ex the distribution of two additional shares to holders of each share held on April 4,1949. The distribution had previously been declared for payment on April 14, 1949.—V. 169, p. 1333.

Electric Boat Co.—Bresnahan Appointed to New Post William T. Bresnahan has been appointed as General Attorney for this company, a new post. He is a member of the New York, Ohio and Federal bars, and after completion of his wartime active service in the U. S. Naval Reserve, practised law with the firm of Townley, Updike and Carter of New York City. Prior to the war, Mr. Bresnahan was associated with the law firm of Burr, Porter, Stanley and Treffinger of Columbus, Ohio.—V. 169, p. 905.

Electric Power & Light Corp.—Weekly Input—

For the week ended March 31, 1949, the System input of subsidiaries of this corporation amounted to 73,691,000 kwh., an increase of 12,770,000 kwh., or 20.9%, over the corresponding week of last year. -V. 169, p. 1451.

Empire District Electric Co.—To Increase Stock—

The stockholders on April 12 will consider a proposal to increase the authorized common stock, par \$10, from 400,000 shares to 550,000 shares, and to modify the preemptive rights of stockholders.—V. 169,

Ero Manufacturing Co. (& Subs.)—Sales & Earnings—

Esquire, Inc.—Declares 10-Cent Dividend—

The directors have declared a dividend of 10 cents per share on the common stock, payable April 26 to holders of record April 14. The previous distribution was a semi-annual of 35 cents on April 26, 1948. The October, 1948 payment was omitted.—V. 168, p. 1360.

Family Finance Corp.—Registers With SEC—

The corporation April 7 filed a registration statement with the SEC covering 50,000 shares (\$50 par) 4½% cumulative preference stock, series A, convertible to and including Aug. 1, 1956. Public offering of the stock is expected to be made later by an underwriting group headed by Merrill Lynch, Pierce, Fenner & Beane.

The company plans to use the major portion of the proceeds to reduce outstanding bank loans and commercial paper.

The corporation is a holding company, incorporated in 1927. Subsidiaries of the company are engaged in three distinct types of the finance business and activities related thereto and operate 135 finance offices in 77 cities in 20 states.—V. 168, p. 2541.

Federal Loan Co. of Pittsfield, Inc.-Initial Dividend-

The directors have declared an initial quarterly dividend of 30 cents per share on the \$1.20 cumulative participating preferred stock, payable April 29 to holders of record April 20.

This stock was publicly offered on Feb. 23, 1949. See v. 169, p. 905.

(The) Fifth Avenue Building (200 Fifth Avenue), N. Y. City-New President, Etc.-

The directors on April 4 announced that the management of this

building soon will be taken over by Charles F. Noyes Co., Inc.

The building has a rentable floor space of some 500,000 square feet and houses the local offices of many of the nation's leading men's

wear manufacturing firms. It is also regarded as a center of the toy and novelty trade.

The announcement followed a special meeting of the stockholders, The announcement followed a special meeting of the stockholders, which consist of two trusts formed under the will of the late Henry Lane Eno, and the heir of the late Walter E. Maynard, who with Mr. Eno built the Fifth Avenue Building. The Eno trusts, holding 75% of the stock in the building, are represented on the board by Brenton Welling of the Bankers Trust Co., Lewis Carmer of the Bank of New York and Fifth Avenue Bank and George Chapman who is co-trustee with the two banks.

At the special meeting, Messrs, Welling, Carmer and Walter Maynard (son of one of the building's founders) were elected to the board, together with Mr. Chapman and James Dempsey, who were re-elected. The board elected Mr. Welling as President to succeed Mr. Chapman and Mr. Maynard was named Vice-President, Mr. Carmer, Treasurer and Mr. Dempsey, Secretary.

First York Corp. — To Transfer Certain Holdings to Bell Aircraft Corp.—

The First York Corp., investment company, and Bell Aircraft Corp., Buffalo aircraft manufacturer, have filed an application with the SEC proposing the transfer to Bell of First York's stock interest in American Wheelabrator & Equipment Corp., Mishawaka, Ind., and Baker Refrigeration Corp. (formerly known as Baker Ice Machine Co., Inc.), Baker's principal manufacturing plants are located in Omaha,

Neb., and South Windham, Me.

First York owns 150,444 shares of the common stock (\$1 par) of
Bell, representing 34.5% of the voting power of Bell. An additional
4,700 shares (1.07%) of the Bell stock is owned by an affiliate of

First York owns 173,274.8 (86.707%) of the Wheelabrator common stock (10c par). The balance of the Wheelabrator stock (26,564 shares) is owned by four of its officers and three other persons or trusts. For its holdings of the Wheelabrator stock, First York is to receive 63,164 shares of a new issue of preferred stock of Bell. The individual stockholders will exchange 16,574 shares of the Wheelabrator stock for 6,041 shares of the new preferred stock of Bell. The individual stockholders will exchange 16,574 shares of the Wheelabrator stock for 6,041 shares of the new preferred stock of Bell. First York owns all of the 3,000 shares of \$4,50 cumulative preferred stock (51 par) and of the 5,000 shares of common stock (\$1 par) of Baker. These stocks will be transferred to Bell in exchange for 60,288 shares of the Bell common stock.

As to the individual Wheelabrator stockholders, First York has entered into a "Put and Call Agreement" to purchase their holdings of Bell preferred issued to them under the exchange plan at \$69 per share.—V. 169, p. 1113.

Fonda, Johnstown & Gloversville RR.—Tenders-

The City Bank Farmers Trust Co., trustee, 22 William Street, New York, N. Y., will until 12 o'clock noon, May 2, 1949, receive tenders for the sale to it of first mortgage bonds, series A, 4%, due July 1, 1991, to an amount sufficient to exhaust the sum o. \$27.633, at prices not to exceed 102½ and interest to May 5, 1949. Accepted bonds should be delivered to the trustee for payment on or after May 5, 1949.—V. 167, p. 2028.

Foote Mineral Co.—Capitalization Increased to Permit Payment of 100% Stock Dividend and to Provide for Equity Financing-

The stockholders on March 29 approved an increase in the authorized The stockholders on March 29 approved an increase in the authorized \$2.50 par value common stock from 25,000 shares to 100,000 shares. H. C. Meyer, President, recently announced that the increased common shares will permit the company to pay a 100% stock dividend on the present outstanding 23,394 shares of common stock and provide for equity financing which may be necessary to take care of a predicted increase in sales volume this year.

The stock distribution will be made on April 15 to common stockholders of record April 1, 1949.—V. 169, p. 905.

Ford Hotels Co., Inc., Buffalo, N. Y .- Common Stockholders Offered \$30 a Share-

The directors have approved and recommended to stockholders an offer from a large New York real estate firm to buy all the company's outstanding stock at \$30 a share. The proposed transaction would involve more than \$5,000,000.

The offer was made by Webb & Knapp Inc., 383 Madison Ave., New York, N. Y., and is conditional upon acceptance by holders of 95% of the stock. If the holders of less than 95% of the stock accept the offer the nursheer the stock accept the offer the nursheer the stock accept the stock ac

of the stock. If the holders of less than 95% of the stock accept the offer, the purchasers retain the right to purchase the shares that are offered at \$30 a share.

However, the purchaser can, on five days' notice, terminate the huying of stock before it has acquired 95% of the stock and before the expiration date of the offer.

The expiration date is June 30, but can be extended to Aug. 1, if the purchaser deposits an additional \$85,000 in escrow to be applied to the purchase of stock. Webb & Knapp, Inc. already has deposited \$170,000 with the Marine Trust Co., Buffalo, N. Y. for that purpose. Webb & Knapp deals in properties for its own account and also counsels client corporations and estates. Whether it is acting for itself or representing others in the Ford offer is not known.

Ford Hotels reports its total consolidated net income after taxes in 1948 was \$1,904,904, or \$11.21 a share. This included profit of \$1,113,782 from sale of hotel property. Net income from operations was \$791,121 compared with \$456,013 in 1947. ("Buffalo Evening News.")—V. 165, p. 2926.

-V. 165, p. 2926.

Foremost Dairies, Inc.—Merger Effected—Sales Higher

Coincident with announcement of completion of the merger of this corporation and Maxson Foods System, Inc. under the name of the former, Paul E. Reinhold, President of the merged company, stated on March 30 that net earnings before taxes of the dairy unit of the business were approximately \$250,000 greater in the first 12 weeks

business were approximately \$250,000 greater in the first 12 weeks of 1949 than in the corresponding 1948 period.

Mr. Reinhold stated that 1948 net sales of Foremost Dairies, Inc., as it was constituted before the merger, were at a record of \$33,040,151 compared with \$29,067,447 in 1947 and more than five times as large as the \$6,164,383 sales of 1942. Net income after estimated federal income taxes amounted to \$798,168 in 1948 compared with \$626,268 in 1947 and net income after taxes and preferred stock dividend requirements in 1948 was equal to \$1.80 per share on the common stock compared with \$1.41 a share in 1947. Net sales of the combined company, Mr. Reinhold said, will exceed \$40,000,000 in 1949.

He added: "With inventories well below those of last year, Foremost is in a position to take advantage of reduced butter fat prices, and other economies which have been effected by the management. Further improvement in ice cream sales at a better than seasonal rate during the spring and summer can be anticipated."

As a result of the merger, Mr. Reinhold said, working capital of Foremost Dairies, Inc. now stands at more than \$4,000.000, "placing the company in a comfortable position to proceed with plans for rounding out its lines in individual communities now served with only one or in some cases only a few o four principal products."—V. 169, p. 1333.

Franciscan Fathers, Order of Friars Minor, Province of the Most Holy Name, New York, N. Y .- Notes Offered -Merrill Lynch, Pierce, Fenner & Beane on April 5 offered \$1,000,000 direct obligation serial notes, dated March 1, 1949 at 100 and interest. Interest rates range from 23/8 % to 31/2 %, according to maturity.

Total issue \$1,000.000. Dated March 1, 1949, due semi-annually (M. & S.) from March 1, 1950-Sept. 1, 1961. Coupons notes in bearer form in denomination of \$1,000. Principal and interest payable March 1 and Sept. 1, at St. Louis Union Trust Co., St. Louis, Mo. Redeemable at 100 and interest, as a whole or in part on any interest date, in the inverse of numerical order.

The Franciscan Order, founded by St. Francis of Assissi over 700 years ago, is one of the largest and strongest Orders of men in the Roman Catholic Church. The Franciscan Fathers have gone over the world preaching peace and patience, tending the wounded, relieving the distressed and reclaiming the erring without regard to creed or color. The poor, the sick, and the outcast are their special care.

Order of Friars Minor of the Province of the Most Holy Name, popularly known as the Franciscan Fathers of the New York Province, is represented in the Archdioceses of Boston, Denver, Newark, New York, Washington, in the Dioceses of Albany, Buffalo, Charleston, Hartford, Mobile, Ogdensburg, Paterson, Raleigh, Richmond, Savannah-

York Washington, in the Dioceses of Albany, Buffalo, Charleston, Hartford, Mobile, Ogdensburg, Paterson, Raleigh, Richmond, Savannah-Atlanta, Scranton, Trenton; in the foreign mission field the Prefecture Apostolic of Shasi, Hupen, China, and the Commissariat of Goiaz, Brazil, are accredited to the Province.

The Fathers in this Province conduct 34 parishes; 42 missions; 1 seminary; 2 colleges; 33 community houses; 3 houses of study; 1 novitiate and 1 preparatory seminary. The principal church of the Friars is the Church of St. Francis of Assicsi on West 31st Street, New York City. In the United States the Order is represented by six Provinces with headquarters in New York, Cincinnati, St. Louis, San Francisco and Pulaski, Wis. In addition to these 6 Provinces, there are 8 Commissariats or sub-provinces under the care of the Friars. Holy Name Province numbers approximately 486 fathers; 126 professed clerics; 94 students in major seminary; 23 novices; 107 lay brothers; 2 novice brothers and 26 oblates, in addition to which there are 150 aspirants for the Order enrolled at the Seraphic Seminary.

The proceeds of the present issue will be used to construct a new St. Anthony's Shrine, Boston. Plans call for a thoroughly modern, fireproof, steel and concrete structure of brick and stone facing, which will comprise a monastery church located at the street level and an auxiliary chapel and auditorium on the upper floor. It is estimated that the new structure, when completed, and fully equipped, will cost approximately \$1,300,000. Work on the new structure is scheduled, to commence in the near future. To expedite the completion of the program and provide, in part, the cost of construction, furnishing and equipment of the new monastery church, the Province is prepared to advance to the Shrine the proceeds of this \$1,000,000 note issue which, with funds on hand and to be collected in the very near future, will insure the completion of the present building program.—V. 154, p. 750. near future, will insure the completion of the present building program.—V. 154, p. 750.

Gaylord Container Corp.—Sells Notes Privately—The corporation, it was announced April 7, through Lehman Brothers, has concluded arrangements with the Equitable Life Assurance Society of the United States for the sale of 3% notes in the maximum amount of \$7,500,000. A repayment schedule will begin April 1, 1950 and the remaining amount of the notes will be due April 1, 1964. —V. 169, p. 5.

General Aniline & Film Corp.-New Pilot Plant Dedicated-

The first plant of its kind in the United States was opened to inspection by this corporation at Grasseli, N. J., on March 21, when the company formally commenced operations of its new Pilot Plant where derivatives of acetylene under high pressures and elevated temperatures will be produced

In its new Pilot Plant, General Aniline has not only widened the scope of acetylene reactions but by the development of new processes and the installation of extensive instrumentation with remote controls,

and the installation of extensive instrumentation with remote controls, has reduced the hazard to a minimum.

Presently the work being carried on involves two processes, vinylation and ethynylation. The vinylation products include methyl, ethyl, butyl and isobutyl vinyl ethers. One, polyvinyl methyl ether, has the unique property of being soluble in cold water and inscluble in warm water. Others have equally interesting characteristics.

Another of the compounds, polyvinyl pyrrolidone, a product of both vinylation and ethynylation, soluble alike in water and organic solvents, was used by the Germans as a substitute for blood plasma, which suggests interesting possibilities in the pharmaceutical field.

One of the nation's major producers or dyestuffs, textile auxiliaries, detergents and other surface-active agents, General Aniline has set aside a part of the new plant for the development of new processes and pilot-scale research in these established fields.—V. 167, p. 2685.

General Instrument Corp.—Secretary and Controller—

Walter M. Torgersen has been elected Secretary and Controller, according to R. E. Laux, President. C. F. Sullivan has been appointed Assistant Secretary and Assistant Controller .- V. 169, p. 1007.

General Motors Corp.—New Appointment— C. E. Wilson, President on March 31 announced the appointment of Harry C. Dumville as director of GM's new devices section, effective

April 1.

Mr. Dumville, Assistant Director of the section since October, 1944, succeeds John H. Hunt, who retired from General Motors after 36 years' service, the last 17 as head of the new devices section.—V. 169,

General Public Utilities Corp. — To Sell New York

State Electric & Gas Corp. Stock Not Subscribed For-The corporation has requested SEC authorization to sell through a group of participating dealers such of the 787,644 shares of New York State Electric & Gas Corp. common stock as are not purchased

York State Electric & Gas Corp. common stock as are not purchased by GPU stockholders on or before 3 p.m., on April 11.

These shares were offered for subscription by GPU stockholders at \$41 per share. No underwriting was involved, a group of dealers headed by The First Boston Corp., Lehman Brothers, Wertheim & Co., and Merrill Lynch, Pierce Fenner & Beane being paid \$1.25 per share for each share sold through them, with an additional 12½ cents per share going to the dealer-manager group.

GPU wishes to distribute the unsold shares by the same means, during the period commencing at 3 p.m., April 11, and terminating at the close of business April 20, and it seeks an exemption from competitive bidding with respect thereto.

The SEC has given interested persons until April 11 to request a hearing thereon.

The corporation has advised the SEC that it proposes to pay, from

The corporation has advised the SEC that it proposes to pay, from the proceeds of its sale of the common stock of New York State Electric & Gas Corp., its bank loans maturing in 1949 and 1950 in the aggregate principal amount of \$11,698,800.

Sells New York State Electric & Gas Holdings-

The corporation has announced the sale of 92,356 shares of New York State Electric & Gas Corp. common stock. These were shares not included in a recent offering of the stock to its GPU stockholders. The sale was made to a dealer-manager group headed by The First Porton Corporation Prothers Worthston & Corporation Prothers Pierce Fenner & Beane.

The offer by GPU of New York State Electric & Gas stock to its own stockholders expires April 11.

Weekly Output Increased 5.6%-

The electric output of this corporation for the week ended April 1, 1949 amounted to 150,893,977 kwh., an increase of 7,992,476 kwh., or 5.6%, over the corresponding week of last year.—V. 169, p. 1451.

General Telephone Corp.—Debentures Offered—Paine, Webber, Jackson & Cartis and associates on April 5 publicly offered \$10,000,000 4% debentures, due 1964 at 102.25 and accrued interest.

Dated April 1, 1949; due April 1, 1964. Redeemable, at option of corporation, in whole or in part, on at least 30 days' notice, at 105.25% before April 1, 1950 and thereafter at decreasing redemption prices, in each case with accrued interest. Also redeemable, commencing in 1952, for sinking fund purposes.

APPLICATION OF PROCEEDS—The subsidiary operating companies of the corporation are engaged in large construction programs requiring substantial amounts of new capital. It is estimated that these construction programs for the year 1949 will involve aggregate gross expenditures of approximately \$42,300,000 for additions to plant and that these expend.tures will result in net plant additions of approximately \$31,200,000. Such construction consists principally of replacements, improvements and extensions of present facilities and include the conversion from manual to dial operation of many exchanges.

ments, improvements and extensions of present facilities and include the conversion from manual to dial operation of many exchanges.

Of the \$42,300,000 of gross expenditures, it is estimated that \$14,-200,000 will be provided through the use of depreciation reserve funds, salvaged material, and materials and supplies on hand. Of the remaining \$28,100,000, substantial portions will be raised in the first instance by bank loans. As to the permanent financing of the \$28,100,000, it is estimated that some 65% to 75% will be raised by the sale of additional bonds and preferred stocks by subsidiaries and the balance will be raised by the sale by them of additional common the balance will be raised by the sale by them of additional common stocks to the corporation.

The corporation has made or intends to make additional investments in such common stocks by acquisition for cash or by the conversion into common stocks of temporary advances already made or to be made to such subsidiaries. These advances amounted to \$5,513,000 made to such subsidiaries. These advances amounted to \$5,513.000 as of Dec. 31, 1948, and \$4,950.000 of such advances have been subordinated to bank loans made by those companies. This pattern will probably be followed in the case of some of the other subsidiaries. The corporation will apply the net proceeds from the sale of the Gebentures (1) in making such additional investments in common stock equities of the subsidiaries and such temporary advances to the subsidiaries, (2) to repay bank loans in the amount of \$2,300,000, the proceeds of which were used for such purposes and (3) for other general corporate purposes.

Hartford Electric Light Co.-Merger Approved-

A merger of the facilities of The Simsbury Electric Co. of Simsbury, A merger of the facilities of The Simsbury Electric Co. of Simsbury, Conn., with those of The Hartford company has been approved by the Federal Power Commission. Under the merger plan, the Hartford company will acquire all facilities and other assets and assume all liabilities of the other Connecticut company.

In its application, Hartford Electric said it will issue 4,000 shares of its common stock, with a total par value of \$100,000, to Simsbury in exchange for that company's outstanding capital stock which consists of 1,000 shares of \$100 par value common stock.

The merger and related issuance of securities previously were approved by the Public Utilities Commission of Connecticut.—V. 169, p. 602.

(R.) Hoe & Co., Inc.—Announces New Press—

The first six-color, sheet-fed, paper offset lithograph press ever built was exhibited on March 16 by this corporation to a group of prominent lithographers. The newly designed press, however, will be available in any combination of printing units.

Arthur Dressel, Executive Vice-President and Ceneral Sales Manager, said that "compared with any existing offset press, the new Hoe model is completely revolutionary." It is designed to take paper sheets up to 50 by 72 inches, print them in six colors at a rate of 6,000 per hour, and deliver the sheets stacked and ready for shipment—all automatically. Weighing almost 200,000 pounds, the press stands eight feet high, runs 60 feet in length and measures 14 feet in width.

The first press of this series will be shipped soon to Grinnell Lithographic Company's new plant at Islip, N. Y. Grinnell is one of the country's outstanding lithographic printing houses.—V. 169, p. 1334.

Home Indemnity Co.—Officials Promoted—

Herbert A. Payne and Raymond E. Minner have been elected Vice-Presidents and Secretaries and Kenneth E. Black and Clarence Ramsett have been elected Secretaries of this company.

Mr. Payne and Mr. Minner are also Vice-Presidents and Secretaries

of The Home Insurance Co.
Mr. Black and Mr. Ramsett were formerly Assistant Secretaries of
The Home Indemnity Co.—V. 166, pp. 1051 and 760.

(The) Home Insurance Co., New York—Reduces Capi-

talization-New Director Elected-The stockholders on April 4 authorized a reduction of the capital stock of the company from 4,004,000 shares, the number now authorized, to 4,000,000 shares and the elimination of 2,719 96/1000 issued shares. This entails a reduction of the company's capital from \$20,-013,595 to \$20,000,000.

The stockholders also authorized a change in the company's charter establishing the number of directors at 26 instead of 33. Since the merger into The Home of its 10 former affiliates, which was accomplished last year, there have been only 26 directors and 25 of these were re-elected, Robert Goelet having resigned. Leroy A. Lincoln, President of the Metropolitan Life Insurance Co., was elected to the board in Mr. Goelet's place.—V. 169, p. 803.

Houston Lighting & Power Co.—Plans to Finance Construction by Sale of Securities-

The company plans to finance a "substantial part" of its 1949 cash requirements for construction through the sale of securities, according to the company's annual report.

The company, the report states is making studies and survey "but no definite action has been taken with respect to the type of securities to be offered during 1949."

Company's construction hudget for 1949 amounts to approximately

to be offered during 1949."
Company's construction budget for 1949 amounts to approximately \$25,000,000. For the five-year period, 1949-53, the company estimates its construction requirements at \$80,000,000.

Last year, the company spent \$18,000,000 for gross additions to plants. Retirements amounted to \$1,400,000, resulting in net additions to property totaling \$16,600,000.—V. 169, p. 1226.

Huntingdon & Broad Top Mountain RR. & Coal Co.-Seeks Trustee-

The company, with headquarters at Huntingdon, Pa., on A notified the ICC that it had begun a reorganization proceeding. The company supplied the ICC with copies of papers filed in

U. S. District Court at Scranton, asking appointment of a trustee while a reorganization plan is being worked out.

The company said it had \$5,180,450 in debts, including its mortgage bonds, and "is insolvent and without funds to discharge" these obli-The road operates about 86 miles of trackage in Pennsylvania.-V. 163, p. 1285.

Idaho Power Co., Boise, Idaho-Registers With SEC-

The company on April 5 filed a registration statement with the SEC covering 10,000 shares (\$100 par) 4% preferred and 200,000 shares (\$20 par) common stock. Underwriters are Blyth & Co., Inc.; Lazard Freres & Co. and Wegener & Daly Corp. for the common and Wegener & Daly Corp. for the preferred. Proceeds will be used to finance construction and repay short-term borrowings.—V. 169, p. 1334.

Indianapolis (Ind.) Paint & Color Co.-Files-

The company on March 30 filed a letter of notification with the SEC covering \$300,000 5% sinking fund debentures. Underwriter, City Securities Corp., Indianapolis, Ind. Proceeds will be used to buy about 1,864 shares of common stock now owned by Union

Industrial Rayon Corp., Cleveland, Ohio - Not Contemplating Curtailment of Production - First Quarter Earnings at Lower Rate-

Hayden B. Kline, President, on March 30 told stockholders at the annual meeting that there has not been any material decline in demand for the company's continuous process textile yarns or tire rayon products and that the company is not contemplating curtail-

ment of production.

For the first tim For the first time since the war, he said, demand for knitted underwear fabric produced at the Covington, (Va.) plant has returned to the seasonal pattern characteristic of prewar markets. The Covingto the seasonal pattern characteristic of prewar markets. The Covington plant is producing yarn at capacity and is manufacturing fabric for current sales and for inventory in anticipation of future business. While there has been some readjustment of prices in the rayon industry. Mr. Kline added, there has been no change in the basic prices for continuous filament viscose yarns. Industrial Rayon charges a premium for its continuous pricess textile yarns.

First quarter earnings, he said, would be somewhat lower than for the comparable period last year, as a result of a power plan breakdown which caused the loss of nearly one week's production at the Painesville (Ohio) plant.—V. 169, p. 1334.

International Milling Co. - Notes Placed Privately-Private placement of \$3,500,000 3% notes due 1969 has been arranged by the company with a group of institutional investors. The sale, it was announced April 4, was negotiated by Kidder, Peabody & Co., New York.

International, one of the largest milling companies on the North American continent, operates flour mills in the United States and Canada.

The company will use the proceeds of the loan to increase its working capital.—V. 165, p. 2415.

International Power Securities Corp.—Italian Company Proposes Settlement of Its Indebtedness-

John J. Murphy, disinterested trustee of the corporation, announced April 6 that he has received a proposal from Societa Edison of Milan, Italy, (Edison) for the settlement of its indebtedness to International Italy, (Edison) for the settlement of its indebtedness to International corporation, (the debtor), which is presently in reorganization in the U.S. District Court in New Jersey since the filing of a voluntary petition for reorganization on Feb. 24, 1941. Edison's indebtedness consists of three separate bonds and mortgages on Edison properties in Italy held by Bankers Trust Co., indenture trustee, as security for three series of the debtor's outstanding bonds, the principal and accrued interest on said indebtedness to the date of the trustee's last report, May 31, 1948, amounting to more than \$28,000.000.

The proposal, in summary, is as follows (all figures set forth in the proposal and in the following summary have been supplied by Edison and are subject to further check):

The Italian Public Utility Credit Institute, (The Institute), an

and are subject to further check):

The Italian Public Utility Credit Institute, (The Institute), an agency of the Italian Government, will issue a separate series of Institute bonds called the "Institute Edison Series" (new bonds) to the Indenture trustee or otherwise as may be provided in a plan of reorganization of the debtor, in an amount of approximately \$26,-641,000 covering the principal of the obligation owed by Edison to the debtor with unpaid interest thereon accrued to Jan. 1, 1947. This amount of bonds will be reduced on the closing date after the delivery of the new bonds to a net amount of approximately \$16,700,000, by amount of bonds will be reduced on the closing date after the delivery of the new bonds to a net amount of approximately \$16,700,000, oy a credit for the bonds and interest coupons of the debtor, which will be turned in for cancellation by Edison and agencies of the Italian Government. The new bonds will be dated Jan. 1, 1947, and will bear interest at the rate of 1% until Jan. 1, 1950, 2% per annum thereafter until Jan. 1, 1952 and 3% per annum thereafter until maturity of the bonds on Jan. 1, 1977. The total amount of the new bonds will be fully guaranteed by the Italian Government, and Edison will continue in effect, as security, to the extent of approximately \$10,000,000, one of the present mortgages, and the other Edison mortgages will be surrendered and cancelled.

Sinking fund payments will commence in 1952 and will be at the

Sinking fund payments will commence in 1952 and will be at the rate of \$300,000 per annum until 1957 and thereafter at the rate of \$600,000 per annum. There will be added to each semi-annual sinking fund payment an amount equal to the interest on all the new bonds theretofore retired through the operation of the sinking fund, includ-ing the interest on the amount of new bonds to be cancelled upon the surrender of securities of the debtor by Edison and agencies of the

Italian Government. Sinking fund payments will be used for the purchase of new bonds

Sinking fund payments will be used for the purchase of new bonds at or below the principal amount with accrued interest or for their redemption at such principal amount with accrued interest to the extent that such purchases cannot be made.

The indenture trustee will purchase the new bonds or new securities issued under a plan of reorganization of the debtor, as the case may be, in the open market at prices which it deems to be the lowest for which such securities at the time can be bought. Edison may indicate to the indenture trustee, at the time sinking fund payments are made, from whom and for what prices it is advised new bonds or other reorganization securities issued in these proceedings or bonds of the debtor can be bought. In the event no plan of reorganization of the debtor shall be consummated at the time of carrying out of the proposal, it is the contemplation of the proposal that outstanding bonds of the debtor may be acquired for sinking fund purposes.

The retirement of the Institute Edison bonds shall, to the extent of 60% thereof, be deemed to be a retirement of Edison's obligation on the mortgage remaining as security under this proposal, and certain of the properties encumbered by said mortgage shall be released as the mortgage obligation of Edison is reduced first by one-third and thereafter by two-thirds.

Edison and agencies of the Italian Government own or hold.

after by two-thirds.

Edison and agencies of the Italian Government own or hold \$7,641,000 face amount of all series of the debtor's bonds with 84,910 attached interest coupons maturing prior to Jan. 1, 1947 and 10,750 detached interest coupons of all series, maturing prior to said date. These securities, with interest on the bonds calculated to Jan. 1, 1947 where the attached coupons mature prior thereto, amounting to approximately \$10,958,000, will be turned in and cancelled against a simultaneous cancellation of new bonds in this amount, less \$1,000,000 and the cash distribution paid on some of these bonds in the reorganizaand the cash distribution paid on some of these bonds in the reorganiza tion proceedings prior to their acquisition by Edison, or approximately

The proposal, in effect, covers \$18.609,000 face amount of all series of the debtor's bonds, of which \$2,523,000 are in the treasury of the debtor, with interest of \$8,032,090 to Jan. 1, 1947, or a total of

The proposal has met with the approval of officials of the Italian Treasury and the Institute. They have indicated, however, that before formalizing it they wish to ascertain that the proposal is not con-trary to any of the Italian Government's commitments to the United

The proposal contains only an outline of its basic terms, but Edison, the Institute and the Italian Government agree in good faith and as soon as practicable to enter into a formal undertaking to carry out soon as practicable to enter into a formal undertaking to carry out said proposal, and it is conditioned upon acceptance by the disinterested trustee and the indenture trustee, with the approval of the U.S. District Court, by Dec. 1, 1949, or such later date as the Institute and Edison may agree to.

Edison, the Institute and the Italian Government also agree not to purchase any bonds of the debtor as long as the proposal remains in force and effect except that the Italian Government may purchase bonds of the debtor and interest coupons blocked in foreign accounts of Italian nationals.

of Italian nationals.

As a result of applications heretofore made to the District Court, Edison has been enjoined from disposing of any bonds of the debtor held or owned by it or interests directly or indirectly associated with it, including \$1,250,000 face amount of the debtor's bonds held in a custodial account by the National City Bank.

The U.S. District Court had also heretofore directed Edison, the Italian Government or any of its agencies or subdivisions and anyone

having any interest whatsoever in the bonds of the debtor held by the National City Bank to file proofs of claim by July 1, 1948, so as to permit the determination of these claims with respect to certain equities alleged in favor of the debtor's estate, such as the question of subordination of the bonds of any such claim to claims of public bondholders of the debtor or limitation of the aforesaid claims to the consideration paid therefor. As an incident to these matters, the cash distribution made to the bondholders in these proceedings have been withheld by order of the U. S. District Court on bonds of the debtor held by agencies of the Italian Government and by Edison.

held by agencies of the Italian Government and by Edison.

Proofs of claim were filed by agencies of the Italian Government, but
Edison has failed and refused to file any claims in these proceedings
so as to permit determination of the rights of the estate against
Edison with respect to such claims. Applications are presently pending
in the reorganization proceedings to determine the claims of the
Italian Government agencies and to bar the claims of Edison upon
the bonds of the debtor held or owned by it so as to eliminate any
rights thereon in the debtor's free assets and any right to apply such
bonds to the reduction of Edison's indebtedness.

The disinterested trustee intends to prepare and file a plan of re-

The disinterested trustee intends to prepare and file a plan of re-organization of International Power Securities Corp. based upon the proposal set forth above. When such a plan has been filed notice of a hearing thereon will be given to all security holders and others, as required by Chapter X of the Bankruptcy Act, and all other notices will thereafter be given as required by said act in connection with the approval, confirmation and consummat.on of a plan of reorganiza-

These notes, which would mature on or before June 30, 1950, would be issued in the total amount of \$2,400,000 by Dec. 15, 1949. The notes would be issued in equal amounts to the Chase National Bank and Manufacturers Trust Co.—V. 169, p. 1227.

Investors Diversified Shares, Inc.—New Name— See Investors Syndicate below

Investors Syndicate—Changes Name—

The stockholders at an adjourned special meeting held on March 1 approved a proposal to change the name of this corporation to Investors Diversified Services, Inc. This change became effective on March 30 with the filing of the new name with the Secretary of State of Minnesota.

Major reasons for the change were to make the name more descriptive of the functions and services performed by the company and to remove any possibility of confusion with the names of subsidiary and affiliated companies.

As of Dec. 31, 1948, the corporation and its subsidiary and affiliated companies had combined assets in excess of \$520,000. Assets of the parent concern alone were \$283,630,000, compared to \$160,248,000 in 1940. At the same time, the mortgage department through its 18 principal offices in the United States and Canada, was servicing approximately \$332,000,600 in mortgages. As investment manager, the company has built an extensive research department for use of its own and subsidiary and affiliated companies which, as of Dec. 31, 1948, was managing more than \$219,000,000 of investment securities.—V. 168, p. 251. V. 168. p. 251.

Investors Syndicate of America, Inc. — Registers With

The company has filed a registration statement with the SEC covering five series of its certificates in the amount of \$104.012.503 (Maximum aggregate offering price \$116.401.588.—V. 167, p. 2687.

(F. L.) Jacobs Co.—Transfers Operations to Michigan Plants-

The company on March 31 announced that it was closing the manufacturing operations performed in its Indianapolis, Ind., and Louisville, Ky., divisions and transferring these operations to its Detroit and Traverse City, Mich. plants.

ville, Ky., divisions and transferring these operations to its better and Traverse City, Mich., plants.

This move should result in considerable savings to the company inasmuch as it is more economical to produce the Coca-Ccla vending machines and the Launderall home laundry in these plants along with the automotive products now being produced, the company said.— V. 169, p. 1452.

Johns-Manville Corp.—Employees' Stock Plan—

The corporation, in a proxy statement mailed April 6, to its 12,000 stockholders, submitted a proposed employee stock purchase plan to be voted upon at the annual meeting on May 13.

Lewis H. Brown, Chairman, notified shareholders that the plan was

proposed as an incentive to spur employees" to stimulate their interest in the further growth and development of the corporation." About 300 key employees would be eligible on a voluntary basis to buy the stock at the market price on the date of purchase and pay for it over a period of years.

stock at the market price on the date of purchase and pay for it over a period of years.

The directors may, from time to time, within 10 years from the date the plan becomes operative, authorize the issuance and sale of reacquired or unissued (no par) common stock of the corporation to designated officers (including directors who are salaried officers) and key employees of the corporation and its subsidiaries. The total stock issuable under the plan may not exceed 5% of the total shares of such stock outstanding (presently 2,906,062 shares), excluding shares issued under the plan. The corporation stated that it contemplated no other increase in the amount of common stock outstanding.

Stock may be offered and sold to officers and employees in amounts rectors, but no officer or employee may purchase more than 100 shares for each \$1,000 of his salary at the time of purchase, nor will the unpaid portion of the purchase price of the stock bought by any employee be permitted to exceed his maximum annual salary, according the time to the property of the non-participating committee of the board ing to the proxy statement.—V. 169, p. 700.

Kansas-Nebraska Natural Gas Co.-Preferred Stock Offered-Cruttenden & Co. and The First Trust Co. of Lincoln, Neb., are offering 2,900 shares of \$5 cumulative preferred stock (no par) at \$102 per share. Associated in the offering are Estes & Co., Beecroft, Cole & Co., Rauscher, Pierce & Co., and Harold E. Wood & Co.

Proceeds will be used to discharge indebtedness and pay for property

Asks FPC to Authorize Construction of Additional Facilities-

The company, on March 24 asked the Federal Power Commission to authorize construction of additional natural gas facilities which would increase total capacity of the company's system to 140,000,000 cu. ft. of gas per day. Estimated cost of the project is \$2,562,508.

The company said it would finance this and other 1949 construction from proceeds of the sale of \$333,200 in preferred stock and \$2,900,000 in first mortgage bonds. Other necessary funds would be taken from working capital and cash from operations, the application adds.

Kansas Power & Light Co.-Hearing on Financing-

The SEC has given interested persons until April 14 to request a hearing upon the bond financing proposal of the company as previously reported, the proposal covers \$10,000,000 of 30-year first mortgage bonds, to be offered for sale at competitive bidding. Proceeds are used for construction and other corporate purposes .-- V. 169,

Kentucky & West Virginia Power Co., Inc.—Registers With SEC

The company has filed a registration statement with the SEC proposing the sale at competitive bidding of \$10,000,000 of first mortgage bonds, series due 1979. Net proceeds of the financing are to be applied, in part, to prepay \$5,500,000 of bank notes due Dec. 31, 1950; representing borrowings for construction purposes; and the balance will be added to treasury funds to be used for additional capital expenditures. expenditures.

The company's program of construction for the years 1949 through 1952 involves estimated expenditures of \$10,659,000 .- V. 159, p. 2522.

Keystone Custodian Funds, Inc.—Assets Higher-

Combined net assets of the 16 Keystone Funds at market values on Feb. 28, 1949, amounted to \$167,491,500, compared with \$154,742,000 reported on Feb. 29, 1948. The number of shareholders of the 10 funds in February of this year reached a new record total of 50,851.

Total net assets of \$30,944,587 for the K1 Fund on Feb. 28, repan increase of \$1,507,764 over the figure of \$29,436,823 on Feb.

During the 12-month period the number of shares outstanding increased from 1.843,422 to 2.075,477. The net as et value per share amounted to \$14.91 on Feb. 28, 1949, against \$15.97 a year earlier.

Liggett & Myers Tobacco Co .- Ruling on Rights-

The New York Stock Exchange on April 5 directed that subject to the offering being made, that the common stock be not quoted ex-rights until further notice and that all certificates delivered after April 13, 1949, must be accompanied by due-bills.

Contingent upon effective fegistration under the Securities Act of 1933, and the making of an offer by the company, the common stock-holders of record April 13 shall have the right to subscribe on or before April 29, 1949 for additional common stock, par \$25, to the extent of one share for each four held.—V. 169, p. 1335.

Lockheed Aircraft Corp.—Changes in Personnel—

Reassignment of key commercial sales personnel in this corporation was announced on April 5 by Leonard K. Schwartz, General Sales Manager, who revealed that the General Sales Manager's office in Burbank, Calif., will administer directly the functions of both domestic and export sales formerly handled by separate divisions.

P. K. Yost, Jr., formerly Domestic Sales Manager in Burbank, has been appointed Assistant General Sales Manager, with headquarters in the Chrysler Building, New York City, where he will also be responsible for activities previously assigned to the Eastern District Sales Manager, R. H. Askew, former Export Sales Manager, has been named Lockheed Sales Representative for Australasia. India and the Far East. Lockheed Sales Representative for Australasia, India and the Far East,

In addition to these changes, Mr. Schwartz announced the appointment of James E. Boyce as Lockheed Sales Representative for Europe, Africa and the Near East, succeeding the late Austin F. E. MacInerny, with headquarters at Hotel Desbergues, Geneva, Switzerland. For the past two years, Mr. Boyce has been Director of European Operations for the Charles Babb Co.

John Wagner continues as Lockheed Sales Representative for South America, with headquarters in New York.—V. 169, pp. 1228 and 1115.

Long Island Lighting Co. — SEC Denies Committee's Request to Solicit Contributions from Stockholders

In a decision announced April 1, the SEC denied an application of a common stockholders protective committee for permission to solicit contributions from stockholders to help defray the expenses of the

The committee is composed of J. Donald Halsted, E. M. Nichols and B. F. Grizzle. Pursuant to a previous SEC order, they had obtained authorizations from 2,081 holders of 788,455 shares (26%) of common stock to represent said stockholders in proceedings before the Com-mission. The Committee's request for authorization to solicit contributions of 5 cents per share from these stockholders was rejected by the

In its decision, the Commission pointed to its procedures providing "effective participation of committees in proceedings before us on behalf of the security holders they represent." These include enforcement, under proper circumstances, of the management's obligation to provide stockholders' lists; the granting of permission to participate actively in proceedings before the Commission; and the granting of glowances for fees and expenses to committees "who have contributed to the contributed of the commission; and the granting of glowances for fees and expenses to committees "who have contributed to the contributed of the co to the reorganization through their assistance in the exploration and resolution of the issues."
"Th's recognition of committees," the Commission stated, "has

afforded an incentive to beneficial committee participation which in our opinion, has not been reduced by requiring that compensation await the determination of the extent of the contribution to the reorganization. Our usual procedure is to pass upon requests for allownces at a time the services of all the representatives of security

onces at a time the services of all the representatives of security holders have been substantially completed and can be evaluated in the light of the results they have achieved. This procedure is adapted to the nature of the reorganization process and is justified in the light of the assurance of adequate compensation for constructive services that our jurisdiction to award compensation out of the reorganization estate affords. Moreover, we believe it is a salutary requirement tending to limit security holder representatives to activities which are constructive in nature."

In declining to deviate from this practice, the Commission stated:

"... an arrangement in which stockholders are called on to finance the activities of a committee. ... before it has been determined that those activities are beneficial to the security holders or the reorganization estate, is not conducive to the advancement of the reorganization estate, is not conducive to the advancement of the reorganization process nor does it serve to protect investors ... (and it is) more likely to encourage the formation of and activities by committees seeking freedom to solicit funds in situations where the opportunity for constructive service is not present, than to supply a needed incentive where such opportunity exists."

Hearing Deferred—

Hearing Deferred-

The SEC April 5 postponed until April 25 a resumption of its hearing on the proposal of Consolidated Edison Co. of New York to acquire Long Island Lighting Co. and two of the latter's subsidiaries.—V. 169,

Louisville Gas & Electric Co. (Ky.)—Weekly Output—

Electric output of this company for the week ended April 2, 1949, totaled 34.965,000 kwh., as compared with 33,540,000 kwh. for the corresponding week last year, an increase of 4.2%.—V. 169, p. 1453.

Mack's Block & Supply Co., Wilmington, Del.-Stock Offered-John K. Walters & Co., Wilmington, Del., are offering 12,000 shares of capital stock at \$10 per share.

In addition to the foregoing shares, company is selling 8,000 shares to its officers.

Proceeds will be used for new equipment merchandise, and general corporate purposes. Company deals in a wide variety of building materials farming supplies and agricultural implements.—V. 169,

(R. H.) Macy & Co., Inc.—Sells, Then Leases Store—

The corporation on April 5 announced the sale of its branch store in White Plains, Westchester County, N. Y., to the Mutual Benefit Life Insurance Co., which leased it back to Macy's for 25 years starting April 1, 1949. The lease cails for an annual rental of \$194,000 and contains two cptions, one of which is for 20 years and the other for 15 years. The rental under the options was fixed at \$36,000 a year. The branch was sold for \$3,200,000, and title was insured by the Title Guarantee & Trust Co. It occupies a plot fronting both on Main Street and Mamaroneck Avenue, White Plains, with car parking extending through to Martine Avenue, and was opened for business on March 21.—V. 169, p. 1453. March 21.-V. 169, p. 1453.

Magnavox Co.-Files Suit to Enjoin Sale of Its Products at Less Than Stipulated Selling Price-

ucts at Less Than Stipulated Selling Price—

The company on March 31 filed action in the U. S. District Court for the Southern District of New York to enjoin the Dynamic Stores. a New York retail radio chain, from selling or offering to sell any Magnavox products at less than the stipulated sening price. The action results from the publication of an advertisement appearing in the New York "Times" on March 23, 1949, the text of which was calculated to give the impression that the Dynamic chain was running a clearance sale of Magnavox radio-phonograph combinations.

In its complaint filed in the Federal Court, the Magnavox Co. alleged that the Dynamic chain, which is not an authorized Magnavox dealer, phrased the advertisement deceptively in order to create the false impression that Dynamic had a regular inventory of Magnavox products, Magnavox has sued to enjoin the repetition of such misleading advertisements and to prevent Dynamic in the future from falsely suggesting to the public that Magnavox products are available at less than the retail price stipulated under Feld-Crawford agreements. agreements.

Magnavox also sues to restrain Dynamic from further improper exploitations of the Magnavox name and trademark .- V. 169, p. 1453.

Massey-Harris Co., Ltd.—Annual Report—Jas. S. Dun-can, President, and W. K. Hyslop, First Vice-President, on Feb. 14 said in part:

The past year witnessed a marked increase in the tempo of the activities of the company. This increase was the result not only of the greatly augmented facilities made available by the culmination and coordinat on of the company's various postwar modernization and expansion programs, but also of the world-wide demand for modern cost-reducing agricultural machinery. The sales of the company increased in every major market throughout the world and created a new all-time record, far in excess of even 1945, the peak of the company's time record, far in excess of even 1945, the peak of the company's war-time production.

Sales for the year amounted to \$143,864,964, an increase of \$60,030,-

860, or 71.6%, over 1947 and nearly seven times the company's sales

The progress of the company in the United States, the largest market for farm machinery in the world, is indicated by the fact that its sales in that market for 1948 were much in excess of the average for the industry, being 81.9% over 1947 and 12 times those of 1939.

Net working capital increased by \$16,697,302 and amounted to \$50,-285,638. The ratio of current assets to current liabilities was 3.31 to 1, compared with 3.29 to 1 at Nov. 30, 1947.

The assets of the Goble Disc Works of Fowler, Calif., manufacturers of an outstanding line of Disc Harrows and Irrigation Bedder Harrows, were purchased by the company's United States subsidiary in May, 1948. Production has more than doubled since the business was acquired and the assets have been consolidated in the 1948 balance sheet.

In 1948 additional long-term funded indebtedness was incurred in Canada and the United States to provide increased working capital to

care for the expanded business, to compensate for the reduced purchasing power of the dollar, to care for additional receivables which may arise out of more competitive selling conditions and to provide for addi-

tional capital expenditure required for the essential expansion of manufacturing and distributing facilities.

In Canada new 4³/₄% 15-year sinking fund debentures in the amount of \$7,500,000 were issued as of Aug. 1, 1948 and the \$400,000 maturing 3% first mortgage serial bonds series "A" were redeemed on June 1, 1948

3% first mortgage serial bonds series "A" were redeemed on June 1, 1948.

In the United States, The Massey-Harris Co., Racine, Wis., negotiated a long-term loan of \$10,000,000 on its promissory note bearing interest at 3% per annum, maturing on Nov. 1, 1968 and with prepayments commencing Nov. 1, 1949 and yearly thereafter of \$400,000. Coincidently, the outstanding 2% and 3% short-term serial notes maturing Dec. 1, 1948 to 1956 in the amount of \$4,500,000 were repaid. During the year 96,585 preference shares, being the balance entitled to conversion on the basis of 1½ common for each preference share, were so converted, leaving 161,200 preference shares outstanding which are convertible on a share for share basis. Under the plan established in 1946 by which certain officers and employees of the company and its subsidiaries were sold rights to purchase common shares, 18,914 common shares were issued during the year.

By-law "SS" of the company which has been passed by the directors and will be considered at a meeting of the stockholders provides for the formal decrease in the number of authorized preference shares to coincide with the number of such shares now outstanding as a result of conversions. It also provides for increasing the authorized common share capital of the company from 2,000,000 to 2,500,000 shares. While the financial resources of the company are adecuate for current operations, such increase will give greater flex bility and make available further shares through the med um of which additional capital may be obtained or assets acquired should future plants and conditions make that desirable. that desirable.

Merck & Co., Inc.—Registers With SEC—

The company on April 1 (iled a registration statement with the SEC proposing the public offering of 70,000 shares of cumulative convertible

second preferred stock (no par).

The offering is to be underwritten by Goldman, Sachs & Co. and Lehman Brothers. The offering price and underwriting terms are to be supplied by amendment. The stock is convertible into common stock on the basis of three common shares for each share of preferred.

The company is engaged primarily in the manufacture, processing, or purchase, and the distribution, of fine and medicinal chemicals and drugs. Proceeds of the financing will be available for capital expenditures, working capital, and other corporate purposes. Projects ex-

pected to be largely completed in 1949 include additional antibiotic production facilities, a building to house the production of miscellaneous organic preparations, additional laboratory space for The Merck Institute for Therapeutic Research, and additions to plant facilities. During the first-quarter of 1949, approximately \$1,900,000 was expended on construction and equipment projects, and it is estimated that approximately \$5,600,000 remains to be expended on projects authorized at March 31, 1949. It is also presently contemplated that additional sums will be expended during 1942 and 1950 on other that additional sums will be expended during 1949 and 1950 on other projects not yet authorized.—V. 169, p. 1335.

Merritt-Chapman & Scott Corp.—Drops Suit-Brokerage House to Re-Solicit Proxies-

The stockholders reconvened on April 5, but after a 45-minute wait the meeting was adjourned at 2:45 p.m. until April 25.

The adjournment followed announcement by company counsel that an agreement had been reached between management and an opposing stockholder group to defer voting for three weeks, in which time the brokerage firm of Hirsch & Co. will re-solicit proxies from customers who own 34,545 shares of Merritt-Chapman common stock, and 10 shares of the preferred stock, or about 11% of the outstanding voting stock.

Shortly before the announcement, representatives of management Shortly before the announcement, representatives of management and the independent stockholder group had met in the Federal District Court before Judge Sylvester J. Ryan where it was agreed that the company would discontinue its suit, brought on April 2, for an injunction to restrain Hirsch & Co. from voting the 34,545 shares at the two-hour annual meeting which was adjourned at 4 p.m. on April 4 with April 5.

In its suit Merritt-Chapman alleged that Hirsch & Co., record owner of the common shares, delayed mailing to its customers who owned the stock, proxy material that had been sent out by management.

ment.

According to Donald Havens, counsel for Merritt-Chapman, and Harry Hoffman, attorney for Hirsch & Co., both "sides" may resolicit proxies.

After the meeting there was conjecture among stockholders as to the effect of the latest action, whether the company or the opposing group would benefit by the re-solicitation. Frederic E. Lyford, President of Merritt-Chapman, who owns 100 shares of the stock, when asked if the action was a victory or a respite for management, replied: "Both." The majority opinion among stockholders was that it would aid the efforts of the opposition to elect its slate of 13 candidates. dates.
Col. Sol P. Fink, Chairman of the independent group, in a state-

ment issued on April 5 said his group was not a party to the action brought against Hirsch & Co.

"In my opinion, the action was a last-minute desperate attempt on the part of the present directors and present President to 'stall' the inevitable, which is the election of the independent committee's slate for directors."—V. 169, p. 1453.

Mid-Continent Airlines, Inc.—Earnings—

Missouri-Kansas-Texas RR.—Bond Plan—

The company expects to have ready soon a plan for funding the interest arrears of its adjustment mortgage bonds amounting to \$35 a \$100 bond, according to the annual report.

Plaintiffs in a suit alleging conspiracy to have the company buy certain amounts of its bonds in excess of their fair value have voluntarily filed a motion asking the U. S. District Court to dismiss the suit, the report states.—V. 169, p. 1454.

Missouri Pacific RR. — Committee for 51/4 % Bonds Seeks Authority From Bondholders to Represent Them In Reorganization-

The protective committee for holders of the 5¼% secured serial gold bonds, headed by DeLancey C. Smith, San Francisco attorney, on April 7, issued a letter to bondholders seeking their authority to represent them in the proceedings for reorganization of the road. The committee already represents holders of more than \$1,125,000 principal amount of the \$11,245,000 publicly-held 5¼% secured serial bonds, the letter said. Pointing out that committee members themselves own a substantial amount of these bonds and that it believes "it has been highly effective to date in protecting and furthering the interests of the holders of secured serial bonds," the committee is seeking the support of additional bondholders. The future effectiveness and influence of the committee in the reorganization proceedings "will be greatly increased if it represents the holders of a larger amount of bonds," the letter said.

Members of the committee, in addition to Mr. Smith, are Avery Brundage, President of Avery Brundage Co., builders, and Chairman of the U. S. Olympic Committee; Leo J. Sheridan, President of L. J. Sheridan & Co., real estate, Chicago, and Paul E. Kling, President, Kling Bros, Engineering Works, Chicago, Stephen J. Lucey, of Putney, Twombly, Hall & Skidmore, New York City, committee counsel, is Secretary of the committee.

The letter said that the Missouri Pacific reorganization plan now under consideration by the ICC fails to give "fair, adequate and equitable recognition" to the value of MOP secured serial bonds, which are secured by pledge of approximately 82% of the capital stock of New Orleans, Texas & Mexico (Gulf Coast Lines) Ry., an essential part of the MOP system. The committee contends the pledged Gulf Coast Lines shares have a value at least equal to the claims of approximately \$1,850 per \$1,000 principal amount of the secured serial bonds. The claims represent principal and accrued unpaid interest. represent principal and accrued unpaid interest.

The value of the piedged collateral can be recognized adequately, the letter stated, only by (1) payment of the full claim in cash, (2) sale of the Gulf Coast Lines collateral at public auction, or (3) reducing the collateral to possession of the holders of MOP secured serial bonds. Any other treatment, the committee said, "would not be fair or equitable and would discriminate against holders of secured serial bonds."

Pay Rise Authorized-

An increase of \$5,989,978 in the non-operating payroll of this system on an annual basis was authorized on April 6 by U. S. District Judge George H. Moore at St. Louis, Mo.

The increase results from the recent award of a seven cents hourly raise to members of 17 non-operating unions. These comprise for the most part the railroad's clerical, telegraphic, maintenance and other groups not directly engaged in the operation of trains.

The increase does not take into consideration the additional payroll tax under the railroad retirement and unemployment insurance acts, which must be paid by the company, or the additional expense which will result from adoption of the 40-hour work week next Sept. 1.—V. 169, p. 1454.

HISTORY AND BUSINESS—Company was incorporated in Delaware Dec. 13, 1917, and was reorganized as of Sept. 30, 1938. Company is an operating public utility company engaged chiefly in the generation, purchase, transmission, distribution and, sale of electricity. It furnishes electric service at retail in 117 communities and adjacent rural areas to residential, commercial, agricultural, industrial and municipal customers, and at wholesale to 3 municipalities (Basin, Deswer and Powell, Wyo.), to a private utility for resale in Hudson, Wyo., and to 5 rural electrification projects. The aggregate population furnished with electric service at retail is estimated by officers of the company to be approximately 314,000. Of the communities served at retail, 71 are located in Oregon, 27 in Wyoming, 8 in Montana, 10 in Idaho and 1 in Washington. The number of customers served by the company in all departments in 1948 was 7,928 more than in 1947 and 32,009 more than in 1944. These increases represent gains of 8% and 40%, respectively.

For the year ended Dec. 31, 1948, approximately 63% of the gross

For the year ended Dec. 31, 1948, approximately 63% of the gross operating revenues of the company was derived from operations in Oregon; 21% from operations in Myoming; 12% from operations in Montana; 3% from operations in Idaho; and 1% from operations in Washington. Approximately 95% of the gross operating revenues of the company for the same period was derived from the sale of electricity.

The company furnishes electric service to various industries both within and without the communities served. Among these industries are lumber mills and wood working plants; oil drilling, pumping and refiming; beet sugar refining; commercial fish packing and reduction plants; grain and flour mills; creameries; fruit, nut, hop, and vegetable processing; silver, lead and coal mining; meat packing plants; railroad shops; and paper and pulp mills. The Oregon territories served are rich in timber resources and the Wyoming territory in oil. One of the largest remaining stands of fir timber in the United States is located in Linn and Lane Counties in which the company operates in Oregon.

CONSTRUCTION PROGRAM—Company has been engaged in an expansion program to satisfy the heavy demands for service within its service territory. The following is an estimate of expenditures for 1949 property additions and improvements:

Electric generating plants
Electric transmission and distribution system
Other plant facilities

\$4,350,000 A portion of these funds has been provided from working capital which was replenished in part from the loan of \$750,000 and it is expected that the remainder will be provided from treasury cash, reserves and earnings, the balance of the proceeds of the sale of \$2,000,000 first mortgage bonds and from the proceeds of the sale of the proceeds of the proceeds

To replenish in part the company's working capital which had been depleted through unusually heavy expenditures for construction, the company on Jan. 18, 1949, borrowed \$750,000 evidenced by promissory notes dated Jan. 18, 1949, bearing interest at the rate of 3% per annum and maturing July 18, 1949. Company expects to retire the notes in April, 1949, with a part of the proceeds of the sale of \$2,000,000 first mortgage bonds, 3\% series due April 1, 1979, to two insurance companies.

It is presently anticipated that construction expenditures for the next few years may require additional financing. The company is in a position, because of its power purchase policy, to better regulate construction expenditures to conform to business trends.

UNDERWRITERS—The name of each underwriter and the number of shares of common stock to be purchased by each are as follows:

No. of Shs.	No. of Shs.
Merrill Lynch, Pierce, Pen-	Irving Lundborg & Co 1,500
ner & Beane 14,770	Mitchum, Tully & Co 1.500

Mountain States Telephone & Telegraph Co.—Rights to Stockholders-

Stockholders of record March 23 are being given rights to subscribe for 241,101 shares of capital stock (par \$100) at par in the ratio of one share for each three shares then held. The rights will expire on April 26. Subscribtions are payable at company's office, 931 14th Street, Denver 1, Colo. The offering is not underwritten.

PURPOSE—The nct proceeds, after deducting expenses, would approximate \$24,068,000 if all subscription rights should be exercised. The company intends to apply the proceeds from the sale toward repayment of advances from American Telephone & Telegraph Co. (parent) and, in the event that such proceeds are more than sufficient to reray such advances, to use the remainder for general corporate purposes, including extensions, additions and improvements to the company's telephone plant. Such advances, which are expected to approximate \$20,550,000 on March 31, 1949, are obtained in conformity with an established practice of the company, which it expects to continue, of borrowing from the American company, as need therefor arises, for general corporate purposes, including extensions, add tions and improvements to its telephone plant.

The company's construction expenditures since the end of the war

The company's construction expenditures since the end of the war have been requiring substantial amounts of new money. Since 1945 the company has increased its funded debt by \$30,000,000. In 1946 it offered \$9,609,900 of its common shares to stockholders for subscription at par and \$9,514,600 par value was subscribed, of which \$7,037,500 represented the subscription of the American company. In 1948 an additional \$19,188,100 of common stock was offered to stockholders for subscription at par and \$14,766,100 par value was subscribed, of which \$14,075,000 represented the subscription of the American company. It is expected that it will be necessary for the company to continue to raise substantial amounts of new money as long as its construction activities remain at a high level. long as its construction activities remain at a high level.

CAPITAL SECURITIES GIVING EFFECT TO THIS FINANCING Authorized Outstanding

30-year 3 % debs., due April 1, 1978 \$25,000,000 40-year 2 % debs., due May 15, 1986 35,000,000 Capital stock (par \$100) 1,000,000 shs. \$25,000,000 35,000,000 *964,405 shs.

°Company intends to sell only such number of shares as may be subscribed for through the exercise of subscription rights. American Telephone & Telegraph Co., parent, has informed the company that it intends to subscribe for the 187,666 shares which represent its proportion of the offering.

Mutual Life Insurance Co. of New York-Secretary-Treasurer Named-

Willard T. Johns, Secretary of this company since 1939, has been appointed Secretary-Treasurer. He will assume the duties of the late Leonard C. Clifford, former Treasurer, who died in January.—V. 169,

Nash-Kelvinator Corp.—Reduces Prices—Record Sales The corporation announces a price reduction ranging from \$20 to \$120 on its "600 Airflyte" and "Ambassador Airflyte" series. The price cuts became effective at midnight April 4.

"The price reduction," according to George W. Mason, President, "is made following a record setting March volume of retail sales of Nash automobiles, and I mean 'deriveries to customers,' which were the highest for any month in the history of the corporation."

The price cut was attributed to greater availability of materials, increased production volume, reductions in materials costs, and the fact that Nash schedules have been uninterrupted for a number of months.

Mr. Mason said that Nash Motors daily production schedules "are being increased for April over March, increased still further for the month of May, and the schedules for June call for a still higher daily output." —V. 169, p. 1229.

Nation-Wide Securities Co., Inc.—Registers With SEC The company has filed a registration statement with the SEC covering 300,000 shares of its capital stock.—V. 169, p. 500.

National Distillers Products Corp.—Registers \$40,000,-000 of 25-Year Debentures—

The corporation filed with the SEC April 5 a registration statement covering the proposed public sale of \$40,000,000 sinking fund debentures due April 1, 1974. A sinking fund provides for minimum payments in each of the years 1951 to 1973 sufficient in the aggregate to retire \$32,000,000 principal amount of the debentures by the maturity date. The interest rate, offering price and redemption terms will be filed later by amendment. Glore, Forgan & Co. and Harriman Ripley & Co. Inc. are named as the principal underwriters.

Of the net proceeds from the proposed sale, \$25,000,000 will be applied to the prepayment of the corporation's outstanding 2½% promissory notes, \$6,000,000 will be applied to the prepayment of the corporation's outstanding short-term bank loans, and the balance, together with ether funds, will be used to finance the cost of construction by National Distillers Chemical Corp., a wholly-owned subsidiary, of a metallic sodium and chlorine plant at Ashtabula, Ohio, at an estimated cost of approximately \$10,000,000 estimated cost of approximately \$10,000,000.

The National Distillers Products Corp., late last year entered into an agreement with E. I. du Pont de Nemours & Co. under which the corporation was granted a non-exclusive, royalty-free license to use du Pont patented processes for the manufacture of metallic sodium and chlorine.—V. 169, p. 1454.

National Mallinson Fabrics Corp.—Dividend Deferred

The directors on April 5 decided to defer action on the quarterly dividend ordinarily payable on or about April 30. Regular quarterly distributions of 40 cents per chare had been made up to and including Jan. 28, 1949. In addition, an extra of 40 cents was paid on April 30, last year.—V. 168, p. 1484.

National Supply Co.—New General Auditor—

Gordon R. Graham has been appointed General Auditor, according to E. H. Thorsteinson, Vice-President and Controller. Mr. Graham has been identified with this company since 1945, serving as Controller of its Spang-Chalfant division plant at Etna, Pa. He succeeds W. T. Windle who has accepted an executive position with Carborundum Co., Niagara Falls, N. Y.—V. 169, p. 1229.

Neisner Brothers, Inc.—March Sales Declined 12.8%— Period End. Mar. 31— 1949—Month—1948 1949—3 Mos.—1948 ales ______ \$4,256,932 \$4,882,988 \$10,954,783 \$11,163,266

(Herman) Nelson Corp.—Note Placed Privately—Reynolds & Co., it was announced March 23 have placed privately a \$660,000 4½%-4¼% sinking fund note due March 1, 1950-61.—V. 167, p. 2136.

New England Gas & Electric Association-Output-

For the week ended April 1, this Association reports electric output of 13,992,355 kwh. This is a decrease of 737,968 kwh., or 5.01% below production of 14,730,323 kwh. for the corresponding week a year ago. Gas output for the April 1 week is reported at 172,940,000 cu. ft. This is a decrease of 14,130,000 cu. ft., or 7.55% below production of 187,070,000 cu. ft. for the corresponding week a year ago.—V. 169, New Haven Clock & Watch Co.-New President, Etc.-

New Haven Clock & Watch Co.—New President, Etc.—Larry Robbins, former Executive Vice-President, and director of the Eversharp Co. of Chicago, on April 5 became President and Chairman. He succeeds James A. Heitzmann, who held the Presidency since last June, resigning the week before last.

The new management announced the appointment of Amicus Most to be Vice-President and General Manager as well as Vice-Chairman of the board of directors. Other directors of the new board will include Albert H. Ham, Max A. Geller, Herbert C. Hauth, Lawrence J. Rubenstein, Max Delson and Charles L. Winkelman.

Frederick A. Neumann will remain Vice-President.—V. 169, p. 500.

New York Life Insurance Co.—New Apartment Bldg New York Life Insurance Co.—New Apartment Bldg Construction will start immediately in New York City on "Manhatta.1 House," a 19-story and penthouse apartment building to occupy the old Third Avenue carbarn site, comprising the entire block between 65th and 66th Streets and Second and Third Avenues, it was announced by George L. Harrison, Chairman of the board.

The building, which will be owned and managed by the company, will contain 582 apartments and a total of 2,486 rooms.

A lump sum construction contract has been awarded on the basis of competitive bidding to the Cauldwell-Wingate Co., it was stated. The amount of the contract was not disclosed, but it was indicated that the figure is in excess of \$10,000,000.

Construction work is scheduled to begin at once and to be completed by the fall of 1950.—V. 169, p. 806.

New York Water Service Corp.—Group Starts Proxy

Fight—

A proxy fight for control of the properties of this corporation and its subsidiary companies was disclosed on April 6.

A stockholders' committee headed by Nathaniel F. Glidden, senior partner of Glidden, Morris & Co., New York investment brokers, claims to represent over 2,000 shares in opposition to the present management.

The Glidden committee in a letter to distribute the present management.

The Glidden committee, in a letter to stockholders asserted that the company's earnings have declined under the present managment, which gaind control after the stockholders' meeting last year by the narrow margin of 156 votes. The annual meeting will be held this

narrow margin of 156 votes. The annual meeting will be held this year on April 19.

Earlier, the committee threatened Court action to compel the company to open its stock record book for inspection, but this move was abandoned when the company announced that its record book was open for inspection by the committee "at any time."

Richard L. Rosenthal, President of the corporation, in his report to stockholders last week, stated that operations have improved under the new management. Operating income for the first two months of this year, before income taxes, was reported to be 24.4% ahead of the corresponding period last year.

Mr. Glidden, in his letter to stockholders, said consolidated net income for 1948 declined to \$128,885 compared to \$158,410 earned in 1947. The company's annual report however, showed net income equal to \$211,477, before a special reserve deduction ordered by the New York Public Service Commission amounting to \$82,592.—V. 169, p. 1230.

Niagara Hudson Power Corp.—Preferred Stockholders'

Committee-

A committee—
A committee for the first preferred stock has filed a declaration with the SEC for permission to solicit authorizations from holders of such stock to represent them in proceedings for the reorganization of that company now pending before the Commission.

The committee is composed of Samuel B. Jones, Philadelphia; C. J. Kuhn, New York; and Joshua Morrison, New York. The law firm of Scribner & Miller, New York, is legal adviser, and E. Ralph Sterling of New York is financial adviser.

New York is financial adviser.

New York is financial adviser.

The committee contends that the Niagara Hudson reorganization plan "is not fair or equitable to the holders of the first preferred stock because it proposes (1) to reduce the annual dividend on the investment from \$5 to \$4.80, (2) to eliminate the preference as to assets in the event of liquidation, and (3) it makes no allowance for the priority and the higher investment value of the first preferred stock over the second preferred; and it does not provide adequate compensation for depriving the first preferred of these rights."—V. 169, p. 1010.

Norfolk & Western Ry.—Annual Report—A summary of the operations for the year 1948 are given in our issue of April 7, page 1521.

Northern Natural Gas Co. - Asks FPC to Authorize Natural Gas Facilities Which Would Increase System's Capacity by 60,000,000 Cubic Feet Daily-

The company, is seeking Federal Power Commission authorization to construct and operate additional natural gas facilities which would increase capacity of the company's system north of Kansas by 60.000, 600 cu. ft. of gas daily. Total estimated cost of the project is

The company proposes to construct a to all of approximately 327 miles of pipeline in Kansas, Nebraska and Iowa; to install 10 compressor units with an aggregate horsepower of 16,000; and to build a dehydration plant at Garden City, Kansas.

Northern Natural, which said the additional capacity is needed to meet increasing demands for gas, now has a system capacity of 425,-000,000 cu. ft. a day north of Kansas. Facilities recently authorized by FPC will increase this to 470,000,000 cu. ft. late this year. In the present application, the company is asking for FPC authorization of a further increase to 530,000,000 cubic feet in order to neet its needs in the 1950-51 heating season. in the 1950-51 heating season.

According to the application, the company proposes to raise funds or the proposed new construction either through the sale of debentures or through bank loans, or by a comb.nation of these two methods

Rights to Stockholders—Subscription Agent-

The company has received SEC authorization to offer an additional shares of its common stock (\$10 par) to its stockholders of record March 30.

Stockholders will be entitled to subscribe to one new share for each five shares then held, the subscription price being \$29.50 and the subscription period running until April 18. Stockholders will be entitled to purchase shares not acquired by other stockholders or by 1.250 company officers and employees to whom unsubscribed shares will be offered, up to a maximum of 10 shares each.

Proceeds would be used for new construction and to replenish working

Chemical Bank & Trust Co., New York has been appointed principal subscription agent for the acceptance of subscriptions for ce mon stock of the company until the close of business on April The agent has been authorized by the company to buy or sell rig in connection with such subscriptions.—V. 169, p. 1490. buy or sell rights

Northern States Power Co. (Minn.) - Weekly Output-Electric output of this company for the week ended Apr.l 2, 1949, totaled 63,434,000 kwh., as compared with 57,755,000 kwn. for the corresponding week last year, an increase o. 9.8%.—V. 169, p. 1430.

Northwest Airlines, Inc.—Holders to Vote on \$21,000,-000 Equipment Loans-

The stockholders at their annual meeting April 18 will be asked to

The stockholders at their annual meeting April 18 will be assed to approve a mortgage to secure equipment loans up to \$21,000,000. In a letter to stockholders accompanying the proxy statement, Croil Hunter, President, said that the banks which currently are concerned in the company's present \$18,000,000 credit, would ask the RFC to take over any part of the new \$21,000,000 credit above \$9,000,000. The money will be used to pay for the 10 new Boeing-Stratocruisers new an order. now on order.

The terms of the new credit provide that preferred dividends prob-

The terms of the new credit provide that preferred dividends probably may be paid only out of earned surplus accumlated subsequent to March 31, 1949. Dividends on the common shares will be payable with the consent of the RFC and the banks. The letter state, now-ever, that the company is "seeking the right to pay common dividends, without such consent, from excess of future earnings over some amount to be agreed upon with the banks and the RFC."

Mr. Hunter said that success of the company's combination freight and passenger "coach" service was such that most of the presenting owned DC-4 planes will be retained. The original program contemplated that these planes would be sold. The entire Northwest equipment program, which included a fleet of 25 Martin 2-0-2 planes, now in operation, was estimated to cost \$25,000,000, including the Strato-

in operation, was estimated to cost \$35,000,000, including the Strato-

The new \$21,000,000 loan will be repayable at the rate of \$1,000,000 quarterly, beginning July 1, 1950, with the final date July 1, 1955.—V. 169, p. 1338.

Norwalk Tire & Rubber Co .- Proposals Voted Down-Group Seeks Change in Management-

Insurgent stockholders won the first round at the adjourned special meeting held April 4 in a battle with the management of the company, defeating a proposed \$750,000. refinancing plan.

The insurgents, led by Elliot E. Simpson, New York footwear broker and financier, also voted down a proposal to increase the amount of outstanding common stock from 315,000 to 500,000 shares.

Complete reorganization of the management of Norwalk Tire & Rubber Co. was indicated on April 5 by Mr. Simpson. He said that he would continue a court fight to replace the present officers with personnel picked by his group.

Mr. Simpson declared that only 550 shares of stock are controlled by the present officers of the company, adding that he and his wife alone

the present officers of the company, adding that he and his wife alone control more than 10% of the common stock. He said that 91,000 proxies were voted by his faction as opposed to about 40,000 mustered

by the present officers,

Mr. Simpson, while stating that he has no desire to oust President
John W. Whitehead whom he declared to be a "very sick man," said
that he would leave it to a duly elected board to pick its own head for
the company. Mr. Whitehead has been President of the company
founded in 1914, for more than 20 years.

Hearing on a show cause order by which the T. A. Magning Co. of

show cause order by which the T A Maguiro Co. New York, a Simpson controlled firm, seeks to have the January election of officers of Norwalk Tire & Rubber Co, declared illegal, was postponed on April 5 in the Superior Court at Bridgeport, Conn. The Maguire company also seeks to remove the present management, to have a new election, and to obtain an order restraining any move to put the company into bankruptcy.

Bondholders' Meeting Canceled - Court to Hear In-

A meeting of the debenture holders scheduled for April 11 in the company's New York offices has been canceled. This action was made known to all holders of 4% convertible debentures, due April 15, 1953, in a letter sent out by the New York Trust Co., trustee for the in a letter sent out by the debentures.—V. 169, p. 1490.

Nu-Enamel Corp .- Sale of Oil Unit Blocked-Proxy

Fight On-Federal Judge Walter J. La Buy at Chicago, Ill., on April 4 blocked the company's proposed \$600,000 sale of its oil subs, diary, Nu-Ename. Oil Corp. of Chicago, to two Houston, Texas, men.

Judge LaBuy restraired the sale plan until April 15 to permit settlement of a stockholders' proxy dispute.

The injunction was requested by Edgar J. Schoen, attorney for Birnbaum & Co., New York investment bankers.

Birnbaum & Co., New York investment bankers.

Victor Millikan, attorney for Nu-Enamel Corp., objected. He said the corporation will lose "a very advantageous" deal with Joseph Brown and William Rashick of Houston as a result of the delay. He said Mr. Brown and Mr. Rashick would not maintain their offer beyond April 4 and the next best offer is for only \$450,000.

Mr. Schoen said Nu-Enamel and the brokers had agreed to postpone action until a stockholders' meeting scheduled for April 4.

Later a dispute arose over the method of recognizing stockholder.

postpone action until a stockholders' meeting scheduled for April 4. Later a dispute arose over the method of recognizing stockholder-proxies. As a result the outcome of the stockholders' election was not made known.—V. 169, p. 1490.

Ohio Public Service Co.—Common Stock Offered—An underwriting syndicate, headed by Blyth & Co., Inc., on April 6 offered 1,000,000 shares of common stock (par \$7.50) at \$16 per share. The shares offered consist of 361,840 shares to be sold by the company and 638,160 shares now outstanding to be sold by Cities Service Co.

The issue was awarded at competitive bidding April 5 on a bid of \$15.03 per share. A bid of \$14.809 a share was submitted by Merril! Lynch; Pierce, Fenner & Beane and Kidder, Peabody & Co. (jointly)

Transfer agents, The National City Bank of Cleveland and The Chase National Bank, New York. Registrars, Central National Bank of Cleveland and Central Hanover Bank & Trust Co., New York.

CCMPANY AND BUSINESS—Company, incorporated in Ohio Oct. 1921, is an operating public utility engaged in the production, purchase, transmission, distribution and sale of electric energy wholly within the State of Ohio.

The territory served by the company embraces an area of approximately 3.100 square miles in north central Ohio, having a population of approximately 526,000. This area includes large agricultural and industrial sections, the more important industries including, among others, steel, iron and steel products, machinery and rubber.

Prior to this financing the company had outstanding 2,638,160 Prior to this financing the company had outstanding 2.638.160 shares of common stock (par \$5), all of which was owned by Cities Service Co. In connection with this financing the par value of the company's authorized and outstanding common stock is being increased by \$7.50 per share, and \$6.595.400 of the company's earned surplus is being transferred to capital in respect of the 2.638,160 shares of cutstanding common stock. The 1,000,000 shares of common stock now offered consist of 361,840 new shares to be issued by the company and 638,160 shares now outstanding owned by Cities Service. On the and 638,160 shares now outstanding owned by Cities Service. On the completion of this financing the total amount of common stock outstanding will be 3,000,000 shares (par \$7.50), of which 1,000,000 shares will be in the hands of the public and the remaining 2,000,000 shares will be owned by Cities Service.

PURPOSE -- Company recently contemplates construction expenditures of approximately \$26,006,000 through 1949 and 1950. The proceeds from the sale of the 361,840 shares of common stock to be sold by the company will be applied in part to meet such expenditures and in part to retire a temporary bank loan of \$3,000,000 incurred in January, 1949, for construction purposes.

The company plans to sell \$10,000,000 of first mortgage bonds (bids are company plans to sell \$10,000,000 of first mortgage bonds (bids for purchase of bonds will be opened April 11), the proceeds of which are to be applied to its construction program, and estimates that additional funds in the amount of \$7,400,000 will be provided during 1949 and 1950 by accruals to depreciation reserves and from retained

In addition to the funds provided as above the company contemplates meeting any further requirements from the proceeds of the sale of approximately \$3,200,000 of additional debt securities in 1950. No part of the proceeds from the sale by Cities Service of the C38,160 shares of common stock is to be received by the company.

DIVIDENDS—Company has paid dividends in varying amounts on its common stock in each year since 1922. During the last two calendar years the company has paid quarterly dividends of 25 cents per share in March, June, September and December of each year on 2.638.160 shares of common stock, then outstanding. A quarterly dividend of 28 cents per share has been declared payable on March 21 to holders of record on March 7. 1949. It is the present intention of the directors to continue a quarterly dividend policy, and while the

company does not believe that the requirements of its construction program or the issuance of the additional 361,840 shares of common stock offered hereby will affect such dividend policy, the amount of future dividends will be determined and declared by the directors from time to time in the light of earnings, available cash and other then existing factors.

Pacific Gas & Electric Co. - 43rd Annual Report-James B. Black, President, said in part:

Continued high levels of business activity during 1948 in the territory

Continued high levels of business activity during 1948 in the territory served by the company were evidenced by substantially increased bales of electricity and gas. There was also a record-breaking gath in the number of customers receiving service.

Despite the temporary curtailment of power supply, the company's sales of electricity exceeded those of 1947 by 6.7%.

Sales of gas continued the unbroken upward trend of more than 30 years and were 10.2% more than in the preceding year.

Gross revenues from all sources including miscellaneous income totaled \$294,532,000, which was \$20,045,000, or 10.8% more than in 1947. This substantial increase was largely offist by higher operating costs. Interest and dividend payments also increased because of the larger Interest and dividend payments also increased because of the larger amount of bonds and stocks outstanding.

Earnings for the common stock were \$2.51 per share upon an average of 7,372,582 shares outstanding during the year. This compares with \$2.57 per share upon an average of 6,585,358 shares outstanding during 1947. Total common shares in the hands of the public at the end of 1948 were 7,540,296, compared with 6,869,441 at the close of 1947. On these year-end totals, earnings were \$2.46 for 1948 and \$2.45 for 1947.

More than \$158,000,000 was spent on construction work during 1943, of which about \$117,000,000 was obtained from securities sold during the year and the balance from working capital and from the re-investment of depreciation and other income account items. Almost 50,000 investors bought the \$42,000,000 of preferred and common stocks offered during the year, and an unknown but far larger number par-licipated indirectly in the ownership of \$75,000,000 of bonds marketed in October, 1948, which were purchased principally by insurance com-panies and other institutional investors.

Looking ahead, the company's program calls for the completion Looking ahead, the company's program calls for the completion by the close of 1951 of additional generating facilities aggregating approximately 1,200,000 h. p., and the Bureau of Reclamation is expected to install another 200,000 h. p. at Shasta and Keswick Dams. These combined additions to plant capacity represent about twice the growth in demand expected in that period and will bring to well over 2,000,000 h. p. the total capacity of the electric generating units installed in this region since 1945.

More than four-fifths of the electric capacity to be added during the first six postwar years will be built by the company and less than one-fifth by the government.

To supplement available sources of gas supply, the company has entered into a contract with El Paso Natural Gas Co. which contemplates bringing as much as 500,000,000 cu. ft. of gas daily from Texas and other States to the San Francisco Bay region. The El Paso company will construct lines from the gas fields to the California border, near Topock. Our company will build a 500-mile line from that point to the Bay area. The California section alone will require 200,900 tons of steel plate and will cost over \$60,000,000.

These major projects are only a part of our construction program. Other features such as substations, transmission and distribution lines, office and service buildings and all the other facilities necessary to serve this rapidly developing region are being added as promptly as possible. In 1948 alone more than 3,000 miles of electric transmission and distribution lines and 800 miles of gas mains were added to our

May Issue Preferred Stock-

The directors on April 5 authorized the issuance and sale of 1.500.000 shares of redeemable first preferred stock (par \$25), subject to approval of California P. U. Commission and the SEC. Price, dividend rate and redemption prices will be determined prior to the time of the offering. Company proposes to use the proceeds of this issue to finance in part the large construction program upon which it his been engaged since the end of the war. Traditional underwriter is Blyth & Co., Inc.—V. 169, p. 1338.

Pennsylvania RR .- Equipment Trust Certificates Offered-An underwriting group headed by Halsey, Stuart & Co. Inc. on April 6 was awarded \$9,990,000 equipment trust, series W, 2½% equipment trust certificates, maturing \$666,000 annually Nov. 1, 1949 to 1963, inclusive. Subject to ICC authorization the certificates were reoffered by the group at prices to yield from 1.25% to 2.70%, according to maturity. Other members of the underwriting group were: R. W. Pressprich & Co.; A. G. Becker & Co., Incorporated; Gregory & Son, Incorporated; Hornblower & Weeks; F. S. Moseley & Co.; Otis & Co.; L. F. Rothschild & Co.; First of Michigan Corporation: Freeman & Company: Graham Parsons & Co. ration; Freeman & Company; Graham, Parsons & Co.; Hayden, Miller & Co.; Hirsch & Co.; The Illinois Company; Wm. E. Pollock & Co., Inc.; McMaster Hutchinson & Co., and Mullaney, Wells & Company.

The issue was awarded on a bid of 99.67, a net interest cost of about

Three other bids, each naming a $2\frac{1}{2}\%$ coupon, were received at the le. These were: The First Boston Corp., 99.149; Salomon Bros. & Hutzler, 99.14; Harriman Ripley & Co., Inc., and Lehman Brothers (jointly) 99.13.

The certificates, issued under the Philadelphia plan, are the final The certificates, issued under the Philadelphia plan, are the final instalment of a proposed issue of \$19,995,000 trust certificates, series W. The aggregate principal amount of these certificates are being issued to provide for the following new standard-gauge railroad equipment estimated to cost not less than \$24,993,750: 18 diesel-electric passenger locomotive type "A" units; 28 diesel-electric freight locomotive type "A" units; 11 diesel-electric freight locomotive type "B" units; 81 diesel-electric switching locomotives; and 45 all-steel sleeping cars.—V. 169, p. 1490.

Pennsylvania Salt Mfg. Co.—New Products—

Two new products, designed to simplify operations in the laundry and dry cleaning industry, were announced recently by this company. Developed by Pennsalt's Whitemarsh Research Laboratories for the company's Laundry and Dry Cleaning Division, the new products are SPARKETTE, a different and complete detergent for laundry operation, and ERUSTO ENERGEX, an energized de-soiler for dry cleaning. SPARKETTE, according to company officials, is a complete deter-

SFARKETTE, according to company officials, is a complete deter-gent in granular form that dissolves and works readily in hot, cold,

gent in granular form that dissolves and works readily in hot, cold, relatively hard, or soft water.

Usable in all types of petroleum or synthetic solvents, ERUSTO ENERGEX is said by by Pennsalt to loosen and suspend dirt in the dry cleaning process and to have 'the desirable qualities of many products now sold as soaps, detergents, concentrates and emulsifiers.' In addition, the company claims, even when used with large quantities of moisture, ERUSTO ENERGEX has a disintegrating and dissolving action on many types of soil with the result that the backgrounds of even the heaviest woolens may be cleaned and clarified.

—V. 169, p. 1490.

Pennsylvania Telephone Corp.—New President, Etc.— Carl H. McKenzie on March 31 was elected President of this cor-oration, a subsidiary of General Telephone Corp., to succeed Harry M.

Engh who was named Chairman of the board.

Mr. McKenzie also has been elected to succeed Mr. Engh as President of the five other compnies comprising General Telephone's eastern group, namely: Ohio Associated Telephone Co., Upstate Telephone Corp. of New York, Tri-State Associated Telephone Corp., Central Verment Telephone Corp. and Delaware Valley Telephone Co. Mr. McKenzie was formerly Vice-President and Treasurer of all of the eastern companies.—V. 167, p. 1260.

Pennsylvania Water & Power Co.—Partial Redemption There have been called for redemption on May 4, next, for the account of the sinking fund, \$103,000 of refunding mortgage and collateral trust bonds, $3\frac{1}{4}\frac{4}{6}$ series due 1964, at 105 and interest. Payment will be made at the New York Trust Co., trustee, 100 Broadway. New York, N. Y.—V. 169, p. 909.

Pepsi-Cola Bottling Co. of Washington, D. C., Inc .-

The company on March 31 filed a letter of notification with the SEC for 297,000 shares (10c par) common stock, of which 214,500 will be sold for benefit of company and 82,500 shares for benefit of Samuel Schwartzman, a stockholder. The offering price will be \$1 per share. Underwriter, Willis E. Burnside & Co., Inc., New York. Proceeds will be used to discharge taxes, notes and accounts payable and for working capital.—V. 169, p. 10.

Petroleum Corp. of America-Net Asset Value-

Net asset value per share on 829,800 shares outstanding at March 31, 1949 was \$14.25 as compared with \$14.41 per share on 833,000 shares outstanding at Dec. 31, 1948, after providing an allowance for Federal income tax on unrealized appreciation at both dates.—V. 168, 1486

(Chas.) Pfizer & Co., Inc.-New Director-

John J. Powers, Jr., Secretary, has been elected a Director.-V. 169, page 10.

Philadelphia Co.—SEC Not To Consolidate Hearings-

The SEC on April 5 issued an opinion denying a motion to consolidate the proceedings on a plan for corporate simplification of the company (on which hearings commenced April 5) with proceedings pertaining to that company's parent, Standard Gas & Electric Co.

The motion also sought to enlarge the scope of the present proceedings so as to permit consideration of plans for reorganization of Philadelphia or Standard Gas which might be submitted by the Commission or any interested person. This, too, was denied by the Commission.

The motion had been filed by the protective committee for Standard Cas and Electric Co., prior preference stock, \$7 and \$6 cumulative. It was denied by the Commission "without prejudice to its possible renewal at some later date."

According to the Commission, "injection at this time of the issues in the Standard Gas reorganization into the Philadelphia Co. situation would complicate rather than expedite the consummation of an ap-

propriate plan for the latter company."

As to the enlargement of the scope of the proceedings, the Commission stated: "Such enlargement would introduce additional questions the relevancy of which is not clear at this stage of the proceedings.— V. 169, p. 1339.

Philadelphia Electric Co.-Weekly Output-

The electric output of this company and its subsidiaries for the week ended April 2, 1949 amounted to 146,030,000 kwh., an increase of 5,053,000 kwh., or 3.6%, over the corresponding week of last year. -V. 169, p. 1490.

Playboy Motor Car Corp.—Stocks Offered—Aetna Securities Corp., New York, on April 5 publicly offered 1,-000,000 shares of common stock, class A, 20¢ preferential dividend series, (par \$3) and 1,000,000 shares common stock, class B (par 5¢) in units of one share of common stock, class A, and one share of common stock, class B at \$3.50 per unit. These securities are offered as a speculation.

The stock is transferable only in such units until March 31, 1950; thereafter transferable separately.

HISTORY AND BUSINESS-Corporation was first organized as a New York corporation on Nov. 27, 1946, for the purpose of developing, producing, distributing and selling automobiles. On Jan. 27, 1948, the New York corporation was merged into a Delaware corporation of the same name, organized on Dec. 24, 1947. The purpose of the merger was to change the state of incorporation of the enterprise from New York to Delaware.

The company has outstanding at present 1,000,000 shares of common

stock, class B, par value 5 cents per share, which were issued to the promoters and organizers of the company.

The company's principal place of business is at 2450 Kenmore Ave., Tonowanda, (Buffalo postal zone) N. Y. It plans initially to produce and distribute a small modern convertible automobile, largely of conventional design and construction. For the time being, unless and until the company's limited production program to be financed out of the the company's limited production program to be financed out of proceeds of this offering can be subtsantially expanded through further financing no arrangements for which have been made, the Playboy convertible (including as standard equipment an overdrive, which under normal industry practice is considered an optional item) will be sold in the \$1300 to \$1,500 price class. The figures given are for the 'factory list price.

"factory list price."

The Playboy convertible is about midway in size between the conventional small coupe and a midget car. In addition, it utilizes a convertible steel top. All developmental work on the Playboy convertible has been completed and the design has been "frozen" for commercial production. However, some routine engineering work, and considerable testing are still to be completed.

PREVIOUS ATTEMPT AT FINANCING—By a prospectus dated May 20, 1948, the company offered to the public 20,000,000 shares of common stock (par 1 cent), at \$1 per share. The issue was underwritten under a "best efforts" agreement providing that no shares of stock should be sold or delivered thereunder unless and until the underwriter should have obtained firm commitments from customers or dealers for the purchase of such number of shares of the common stock, the net proceeds of which when added to the net proceeds of the sales of dealers' and distributors' franchises, received by the company after Jan. 1. 1948, should aggregate at least \$8,500,000. Between May 29, 1948, and Aug. 23, 1948, the underwriter reported to the company the receipt of orders totaling \$10,440,000, which orders, had they been collected in full, would have more than met the minimum requirements, and the underwriter commenced soliciting payments to be placed in an escrow account. However, by the end of September, 1948, payments received had been so relatively payments to be placed in an escrow account. However, by the end of September, 1948, payments received had been so relatively small that the company and the underwriter agreed that the underwriting agreement should be terminated and the payments received returned to the senders. This was done, the offering was withdrawn on Oct. 20, 1948, and the securities withdrawn from registration under the Securities Act of 1933 on Jan. 3, 1949.

This previous offering of securities was intended to permit the company to launch a production program of at least 100,000 cars per year for sale in the \$1,000-price class, the proceeds of the offering to be used primarily for the tooling and equipment necessary for such a

used primarily for the tooling and equipment necessary for such a program. The minimum figure of \$8,500,000 was set by the company as a figure within which there could be no reasonable doubt of its ability to tool and equip to produce at least 10,000 cars per annum on

ability to tool and equip to produce at least 10,000 cars per annum on a one-shift basis.

Company's present financing program does not include any such minimum figure, and the company's plans for tooling and equipping its plant have been substantially revised. The company's limited production program now contemplates 12,000 cars per annum on a two-shift basis, requiring a minimum expenditure of capital funds, and the use of some temporary tools and dies. Production on this basis will involve more man-hours per car and other costs, including deferred charges and amortization, and therefore will be more costly than it would have been under the earlier program. This, together with the general increase in costs which has taken place during 1948, has resulted in an increased selling price for the car. The company hopes that this increase will not be permanent, but it makes no representation that it will not be, because the prospect of eventually reducing the selling price to the \$1,000-price class, as originally contemplated, is dependent, first, upon the successful completion of this financing and, second, upon further substantial financing for production on a greatly increased basis, approximating the original production program greatly increased basis, approximating the original production program of 100,000 cars per year.

PURPOSE-The estimated proceeds to the company from the the entire issue now offered would be, approximately, \$2,975,000 after payment of the underwriter's commissions but before deduction of expenses of the issue. In addition thereto, the company estimates that it may obtain approximately \$500,000 from the sale of franchises prior to the time that the company is on a self-sustaining basis; or a total of \$3,475,000.

When and if such proceeds are realized, it is planned to devote them, generally, to the following uses and in the order stated below: Registration and other costs of distribution of common stock (not including underwriter's commission), \$135,000; balance of initial instalment and first two quarterly instalments on plant, \$500,000; equipment, \$1,000,000; outside tooling, \$125,000; engineering and testing (estimated), \$135,000; pre-production and "starting-up" expense, \$340,000; working capital, \$1,240,000.

The plant as above equipped would have an estimated capacity of 12,000 cars per annum on a two-shift basis.

CAPITAL STRUCTURE-The capital structure of the company is as

Authorized *Outstdg. Common stock, class A (par \$3)_____ 2,000,000 20c preferential dividend series_____ Common stock, class B (par 5 cents)____ 1,000,000 3,000,000 2,000,000

"If all securities being registered are sold. PRICE TO PUBLIC—RESTRICTION ON TRANSFER OF SALES—The securities hereunder will be offered to the public only in units of one share of common stock, class A, 20c preferential dividend series, and one share of common stock, class B, at a unit price of \$3.50, of such price \$3.45 being allocable to the share of common stock, class A, and 5 cents being allocable to the share of common stock, class B.

Pursuant to resolution of the board of directors of the company, the shares comprising these units may be transferred separately after March 31, 1950. Prior to that date no shares of common stock, class A, or common stock, class B may be transferred without a simultaneous transfer to the same transferee of an equal number of shares of the

ALLOCATION OF CONSIDERATION—Out of the consideration to be received by the company from the sale of the common stock, class A, and common stock, class B, offered hereunder in units, the sum of \$3 per unit is to be credited to the capital account applicable to the common stock, class A and the sum of 5 cents per unit is to credited to the capital account applicable to the common stock, class The balance received by the company in excess of \$3.05 per unit is be credited to an account entitled "Paid-in Surplus." The certification of the common stock of the credited to an account entitled "Paid-in Surplus."

of incorporation of the company provides that such paid-in surplus may not be used in whole or in part for the payment of dividends.

MANAGEMENT—The names of the principal officers and of the directors are as follows: Louis Horwitz, President and director; Charles D. Thomas, Vice-President, Secretary, and director; Norman W. Richardson, Treasurer, Assistant Secretary, and director; J. Wilson Goetz, Comptroller.—V. 169, p. 1491.

Potomac Electric Power Co.—Definitive Bonds—

Definitive 3% bonds, series due 1983, are now available at the Bankers Trust Co., 16 Wall Street, New York 15, N. Y., and at The Riggs National Bank of Washington, D. C., Washington 13, D. C., trustee of the issue, upon surrender of bonds of such issue outstanding in temporary form.

Preparing New Plan for Sale \$37,000,000 Debentures__ Company officials March 24 were preparing an alternative proposal to the application for the issuance of \$37,000,000 of debentures which was rejected by the Public Utilities Commission. In denying Pepco's application the PUC acknowledged the company is in need of additional funds to refinance and to pay for its 1949 construction program. The Commission's decision to reject the proposal, which called for a closed sale of the debentures to three New York insurance companies, was brought about by the fact \$17,000,000 would be used to liquidate

was brought about by the fact \$17,000,000 would be used to inductate bank notes which carry an interest rate of only 2% and 2½4%. The debentures would carry an interest rate of 3¼4%. PUC virtually invited Pepco to submit an alternative proposal. The Commission's findings stated: "In denying this application the Commission is cognizant of the company's need for additional funds to finance its construction program. Any alternative proposal not subject to the objection cited herein will be promptly considered."—V. 169, p. 1339 Public Service Co. of Colo.—Plans Increase in Author-

The stockholders will be asked at the annual meeting May 23 to approve a proposed increase in the company's capital structure.

Under the plan, the authorized common stock would be increased from 1.250,000 to 1.875,000 shares and the authorized preferred from

ized Stock-

250,000 to 375,000 shares.

The stockholders also will vote on a proposed retirement plan for employees of the company and its subsidiaries.—V. 169, p. 1491.

Public Service Coordinated Transport—Proposed Acquisition-

The company has made application to the SEC for authorization to acquire 200,000 shares (no par) common stock of Public Service Interstate Transportation Co. for a cash consideration of \$2,000,000. Interstate will use the funds in connection with its construction program and principally in the purchase of new buses.-V. 165, p. 2007.

Railway & Light Securities Co .- Net Asset Value of Common Stock Increased in March-

The company reports an increase during March of \$1.55 per share the net asset value of its common stock.

Based upon market quotations as of March 31, 1949, the net asset

coverage of the company's outstanding securities was as follows: Per common share
Per 4% cumulative convertible preferred share, \$50 par____
Per collateral trust 3¼% bond_____ \$24.39 -V. 169, p. 1232.

Raymond Concrete Pile Co.—Split-Up Approved—35-Cent Dividend Declared on Increased Stock-New Director Elected-

The stockholders on April 6 approved an increase in the common stock, by a two-for-one split of the common stock.

The directors on the same date declared a quarterly cash dividend of 35 cents per share on the increased common stock, payable on May 2, to holders of record April 22. This is equivalent to 70 cents per share before the stock was split, and is a 40% increase in the regular dividend. Previously, the company paid 50 cents per share each quarter and in addition an extra of \$2 per share was disbursed. each quarter, and, in addition, an extra of \$2 per share was disbursed James Pinnell, Manager in general charge of all domestic construc-

tion work for this corporation, has been elected a Director to fill the vacancy created by the retirement on April 6 of Lance G. Finlay, as Vice-President and Director.—V. 169, p. 1491.

Rayonier, Inc.—Earnings Fall Off—New Director—

This corporation will show first quarter earnings of about \$1.71 per share on the common stock after providing for preferred dividends, compared with \$2.16 per share for the corresponding quarter of 1948, and a decrease in tonnage sales of about 16% according to preliminary figures announced by Edward Bartsch, President, at the annual meeting of stockholders on April 5.

He attributed the first quarter decrease in sales and net income to temporary curtailment of production by viscose rayon and acetate varn producers. Havonier's principal customers.

yarn producers, Rayonier's principal customers.

Mr. Bartsch stated that net income for 1949 probably will not be as great as last year, but that profits should be more than sufficient to justify continuation of the present common dividend rate of \$2 an-

nually and still provide a substantial amount for plant expenditures and debt reduction.

William G. Reed, President of Simpson Logging Co., Shelton, Wash., and a director of Seattle-First National Bank, Seattle, has been elected a director.—V. 169, p. 1232.

Reed Roller Bit Co.—Common Stock Listed on New York Stock Exchange-

The New York Stock Exchange on Jan. 24 listed 630,000 shares of common stock (no par) .- V. 169, pp. 381 and 607.

Republic Petroleum Co. — Offer of \$27.50 per Share Terminated—

Negotiations for the purchase by Texas interests of substantially all of the common stock of Republic Petroleum Co., originally announced early in January, have been terminated, it was disclosed on March 25. The Los Angeles brokers for the Texas interests on March 25 notified the Los Angeles Stock Exchange that the prospective purchasers failed to open the escrow through which the purchase offer of \$27.50 per share was to have been made to shareholders. They stated that, although the buyers failed to comply with the terms of the original agreement, formal and informal negotiations were not abandoned until March 21.

The Los Angeles brokers, Barbour, Smith & Co., Fairman & Co., and Harker & Co., in December notified the Exchange they had accepted conditional commitments from a firm of Texas oil producers to submit on their behalf to stockholders of Republic an offer to purchase individual holdings of the company's common stock at \$27.50 a

They indicated the proposal was tentative in character and might be canceled without notice. Its disclosure, they said, was solely for

be canceled without notice. Its disclosure, they said, was solely for the purpose of making available to stockholders information which might be of consideration to them.

In January, attorneys for the brokers filed a copy of the agreement with the Los Angeles and San Francisco Stock Exchanges and the Securities and Exchange Commission.

The agreement revealed that as agents for the prospective buyers whose names were given as Foster Bros. Petroleum, Inc., and H. H. Myers of Texas they would use their best efforts to obtain the sale to the buyers of stock held by other stockholders.

The agreement was subject to the opening of an escrow with a local bank. (Los Angeles "Times.")—V. 169, p. 607.

Resumes Div.-Interest Authorized-New Director-

The directors on April 5 declared a dividend of 25 cents per share on the \$1 cumulative convertible preferred stock, par \$10, payable July 1 to holders of record June 10. The dividends due Oct. 1, 1948, and Jan. 1 and April 1, 1949, are still unpaid, the last distribution on this issue having been made on July 1, 1948.

The board also authorized payment of interest at the full rate of 4% per annum on the income debentures, payable 2% on June 30 and 2% on Dec. 31, next.

Joseph Petrausksus, Treasurer, has been elected a director .- V. 169,

Republic Steel Corp.—To Amend Certificate—

The stockholders on May 11 will consider amending the certificate of incorporation so as to reflect the redemption and retirement of all of the 6% cumulative convertible preferred stock redeemed on June 30, 1945.-V. 169, p. 1339.

Reynolds Metals Co.—Plant Acquisition Approved— The War Assets Administration on April 4 announced sale of the arplus Government-owned Extruded Metals, Inc., aluminum plant at Grand Rapids, Mich., to the Reynolds Metals Co.

The sale price was \$1,500,000, of which \$500,000 is to be paid down and the balance in 10 years, with interest at 4% per annum. Fair value of the property had been put at \$2,100,000.

The Reynolds company had been operating the plant since June 1, 1946 under a five-year lease with an option to lease for an additional two years.

Located on some 39 acres of land, the plant includes buildings, machinery and equipment. It was built during World War II and designed for the production of high strength aluminum rod, bar, shapes and tubing. The plant's rated capacity is 10,800,000 pounds of aluminum.—V. 169, p. 807.

Rojas Express, Inc., Manila—Registers With SEC—

The company has filed a registration statement with the SEC covering a proposed offering of 5,000 shares of 7% cumulative preferred stock (\$50 par).

The company was organized in April, 1947, and is engaged in the transportation business, both passenger and freight, in five provinces in northern Luzon Island, Philippines. The majority of the Filipinos in Hawaii, where the present stock offering is going to be made, are said to have come from those five provinces.

The stock is to be offered for sale at \$60 per share. The sale will be undertaken by the company itself. Proceeds from the sale will be used to purchase 40 additional passenger buses amounting to \$170,000.

Warren, President, in the company's annual report for 1943 told stockholders that "irrespective of general conditions, Safeway should strengthen its position in 1949." He emphasized that the company is in a position "to take full advantage of favorable supply and price situations and thereby void losses which would otherwise accompany a falling market."

Mr. Warren's note of confidence was based, he stated, upon the company's actions during the past year. "The company has reduced operating expense percentages, eliminated undestrable and unprofitable locations, installed additional and more efficient equipment, and streamlined its buying and warehousing operations." All of these improvements, Warren's message reported, placed the company in a position to forge ahead from both a financial and operating standpoint.

The company had 2,103 retail stores in operation in the United States at the end of 1948 as compared with 2,251 on Dec. 31, 1947.

San Diego Gas & Electric Co.—Asks Bids for Preferred

The company is inviting bids for the purchase from it of 300,000 shares of its cumulative preferred stock, 4½% series (\$20 par). Separate sealed written bids for the preferred stock will be received by the company at the office of its Vice-President, Allen L. Chickering, Room 1200, 111 Sutter St., San Francisco 4, Calif., up to 8:30 a.m. (PST) on April 19.-V. 169, p. 1491.

Schenley Industries, Inc. — \$75,000,000 Notes Placed Privately—The company, April 1, announced the direct placement with seven institutional investors of \$75,000,-00 3.20% promissory notes dated April 1, 1949, due March 1, 1969. The notes were purchased by Prudential Insurance Co. of America, New York Life Insurance Co., John Hancock Mutual Life Insurance Co., Mutual Life Insurance Co. of New York, New England Mutual Life Insurance Co., Reliance Life Insurance Co. of Pittsburgh, Bankers Life Co. of Des Moines. Negotiations were conducted on behalf of the company by The First Boston Corp.

Proceeds of the financing are being used to prepay a like amount of bank loans

of bank loans.
With this financing company's total debt will remain at \$125,000,000 and will consist of the \$75,000,000 notes due 1969 and \$50,000,000 of long-term bank loans due September, 1955.

The new notes are entitled to the benefit of a sinking fund calculated to retire over 75% of the notes prior to maturity at the rate of \$2,875,000 semi-annually, beginning in 1959.—V. 169, p. 1491.

(The) Scranton Lace Co.—Annual Report—N. G. Robertson, Jr., President, on Feb. 16 said in part:

The year 1948 was the best in the history of the company in respect to volume and earnings. The main plant in Scranton, Pa., and the recently acquired plant in Kingston, N.Y., both had steady operation throughout the year, turning out lace and plastic products for our customers. The yarn mill in Kings Mountain, N. C., supplied all carded yarn required for the two weaving mills.

Sales in 1948 totaled \$9,079.181, a new record for the company. In the preceding year sales were \$7,104.939. The increase in sales in 1948 is largely due to an increase in the number of units sold. There was a moderate increase in sales prices in the early part of the year made

moderate increase in sales prices in the early part of the year made necessary by an increase in wage rates. Distribution of goods to customers on an allotment basis was discontinued during the year. shower and window curtain lines have continued to grow in sales volume.

Net earnings in 1948 were \$736,793, also a new high record for the company. In 1947 the net earnings, after transfers to the contingency reserve, were \$564,554. The net earnings in 1948 were equal to \$6.87 per share of common stock, compared with \$5.26 per common share

Acting under the authorization given by the stockholders at their special meeting early in 1948, the company made a \$1,200.000 15-year 3½% unsecured term loan with The Penn Mutual Life Insurance Co., Philadelphia, Pa. All bank loans, which had been created to finance plant acquisitions, were paid off and the remaining funds added to working capital. The five-year credit commitment arrangement with the banks was terminated. the banks was terminated.

Repurchases \$40,000,000 of Customers Notes-

The company has repurchased \$40,000,000 of customers' time-payment paper that it had sold earlier to banks, it was learned on April 5. The company repurchased the paper because of its ample cash position. The repurchaser does not represent a change in this general policy, it was explained. There remains about \$310,000,000 of customers' paper in the banks. (New York 'Times.")—V. 169, p. 1271.

Security Banknote Co. (Phila.)—New Vice-President John Lowell, II has been appointed Vice-President in charge of the company's Western Division. He has been with the company 5 years.

Frank Turnquist has been appointed Vice-President in charge of operation of the Philadelphia plant.—V. 166, p. 2315.

(R. B.) Semler, Inc.—Earnings, Etc.—

Net profit \$27,113 *\$46,104 *\$37,594 *\$25,862 *Net loss (after tax carry-back for year 1948 and 1947). Sales have again dropped, but this year the decline was considerably less than last year. Postwar years show sales as follows: 1946, \$5,-563,000: 1947, \$3,119,000: and 1948, \$2,576,000. The operating loss at the end of the first six months of 1948 was \$92,226. Earnings for the last half of the year reduced this loss to \$61,593. The provision for refund of Federal income taxes due to carry-back further reduced this figure to a net loss of \$37,593. The operations of the company for January and February, 1949 continued to be profitable, according to Ralph B. Semler, President.

Sharp & Dohme, Inc. — Registers 208,373 Common Shares With SEC-

The company, drug manufacturers, filed with the SEC April 7 a registration statement covering the proposed sale to the public of 208,373 shares of additional common stock.

The filing was authorized at a meeting of directors following the annual meeting of stockholders in Baltimore. It is expected that the sale will be underwritten by a group of investment bankers of which Alexander Brown & Sons and Drexel & Co. will be the managers. The company's charter does not provide for preemptive rights.

The registration statement indicates that the purpose of the issue is to finance the construction of a new research laboratory at the company's West Point, Pa., plant and possibly also a relatively small plant for producing the basic ingredients of its pharmaceutical specialties. Any part of the proceeds not expended for these purposes and any other funds which may become available may be devoted toward retirement of the comany's \$4,000,000 2% notes. According to the registration statement the management does not contemplate issuing the remaining \$4,000,000 of notes authorized by its note indenture. In announcing the filing, William L. Dempsey, President, disclosed that, based on preliminary figures, the company's sales and earnings

for the first quarter of 1949 are running well ahead of similar figures for the first quarter of 1948.

Mr. Dempsey also said it is the present intention of the board to declare a dividend on the common stock of 25 cents a share payable next June 30.—V. 169, p. 1012.

Shawinigan Water & Power Co.—New Directors—

Shawinigan Water & Power Co.—New Directors—
John D. Challies and Victor G. Bartram have been elected directors.
Dr. Challies, Vice-President and Executive Engineer of the company, is also Vice-President, a director and Secretary of St. Maurice Power Corp., and a director of the Brown Co. and of the Brown Corp., the Shawinigan Engineering Co., Ltd., Quebec Power Co., the Canadian Light & Power Co. and Saguenay Power Co., Ltd. Mr. Bartram is President of Shawinigan's wholly-owned subsidiary, Shawinigan Chemicals Ltd., and of an associated company, Canadian Resins & Chemicals Ltd., a Vice-President and a director of Canadian Lightid Air Co., and a director of several companies including Shawinigan Products Corp. in New York, Shawinigan Resins Corp. at Springfield, Mass., Shawinigan Ltd. in London, and Midwest Carbide Corp. at Keokuk, Iowa.—V. 168, p. 2091. ean Ltd. in Lond -V. 168, p. 2691.

Sherneth Corp. (Sherry-Netherland Hotel), N. Y .-Successor Trystee and Transfer Agent-

Sterling National Bank & Trust Co. of New York has been appointed successor trustee of the \$6,000,000 5°4, bonds due Jan. 1, 1256, and has also been named transfer agent for the corporation's common stock, —V. 169, p. 808.

Sherwin-Williams Co., Cleveland, O .- To Call Stock-

The company has notified the New York Curb Exchange that a record will be taken at the close of business on April 29, 1949 of holders of \$100 par 4% series cumulative preferred stock, for the purpose of drawing 4,950 shares of that issue for redemption on June

1, 1949, at \$105 per share. Stockholders whose certificates are drawn for redemption will be notified by mail on or about May 2, 1949.—V. 168, p. 1734.

Shomee Oil Corp. of St. Louis, Mo .- Files-

The company on March 28 filed a letter of notification with the SEC for 150,060 shares of class A common (par \$1), to be offered at par. Underwriter, John R. Kauffmann Co., St. Louis, Mo. Proceeds will be used for working capital.

Sisters of St. Benedict of Crookston (Minn.)-Notes Offered—Keenan & Clarey, Inc., Minneapolis, are offering \$500,000 (3%-31/4%-31/2%) serial coupon notes at 100 to 101, according to maturity.

Dated Jan. 1, 1949; due serially Jan. 1, 1951, through Jan. 1, 1959.
Principal and interest payable at Main Office of First National Bank
of Minneapelis (Minn.), trustee.

SECURITY—Notes are a direct obligation of the Sisters of St. Benedict of Crookston, Minn., a Minnesota religious corporation. Under the terms of the trust indenture securing this issue, none of the properties of the Sisters of St. Benedict in Crookston may be mortgaged nor may the total debt of the corporation exceed the sum of \$1,500,000 while these notes are outstanding.

PURPOSE-The net proceeds estimated (\$481,000) are to be applied

PURPOSE—The net proceeds estimated (\$481,000) are to be applied to the cost of the construction of St. Francis Hospital and to the payment of \$65,000 of short-term notes outstanding as of Dec. 31, 1948. The Sisters have authorization at this time to borrow a total of \$1,000,000, of which \$300,000 was put out in May, 1948, and \$500,000 is being issued at this time. The balance of \$200,000 will be issued later in 1942 when the funds are needed. The Sisters had \$113,247 on hand at Dec. 31, 1948, in cash and U. S. Treasury bonds and the net income during 1949 will also be applied to the cost of construction. If the proceeds of the \$1,000,000 of borrowing now authorized, together with the funds on hand and the current income, are not sufficient to pay for the hospital as it is to be completed at this time, additional borrowing to make up the balance will be authorized. Under the terms of the trust indenture securing this issue, the total debt of the Sisters of St. Benedict of Crockston may not exceed the sum of \$1,500,000.

The \$300,000 note issue put out in May, 1948, matures \$30,000 each year from 1950 through 1954, \$35,000 each year in 1955 and 1956, and \$40,000 each year in 1957 and 1958. The 1950 and 1951 maturities bear interest at 3½%, and the balance of the issue bears interest at 3½% per annum.

per annum.

HISTORY—The Sisters of St. Benedict of Crookston is a Minnesota religious corporation, and a unit of The Benedictine Sisters of the Congregation of St. Gertrude the Great, and was incorporated in 1919 at Crookston, Minn. In that year St. Vincent's Hospital was purchased and has been in operation since that time. In 1923, Mount St. Benedict Academy and Convent was erected. In 1937, a large beautiful chapel was built adjoining the Academy. In 1939, St. Mary's Hospital at Detroit Lakes, Minn., was purchased and in 1945, St. Anthony's Hospital at Mahnomen, Minn. was placed in operation. In 1947, St. Gertrude's House of Studies, St. Paul, was acquired. The Sisters of St. Benedict also own several residences and about 1,000 acres of farm land fully equipped with buildings and machinery.

land fully equipped with buildings and machinery.

In addition to the operation of the above properties, The Sisters provide the teachers for 12 parish schools in Minnesota, North Dakota and Texas. There are 198 Sisters, 8 Novices and 9 Postulants in the community

Snyder Tool & Engineering Co .- Officers of Unit-

The following have been appointed officers of the recently acquired Arthur Colton Co. of Detroit: Clarence Snyder, Chairman of the board and Vice-President; Howard N. Maynard, President and Treasurer; K. B. Hellidge, Executive Vice-President and Secretary; Harvey W. Purdy, Assistant Secretary; Samuel D. Harrison, Assistant Treasurer; Alfred W. Kath, Director of Engineering; Nelson Carman, Director of Sales. See also v. 169, p. 949.

Southern Bell Telephone & Telegraph Co.-Report-

During the year 1948, the company sold, at par, 1,450,000 shares of its capital stock to the American Telephone & Telegraph Co. for \$145,-000,000. OI this total, \$40,000,000 was used to repay money borrowed during the latter part of 1947 for plant construction. The remaining \$105,000,000 was similarly used during 1948 to pay for plant additions and improvements

Because of its need for additional capital in 1948 and in anticipation f future additional capital requirements, the company secured approval during the year to increase its authorized capital stock from 3,000,000 to 4,000,000 shares of \$100 par value

Southern Natural Gas Co. — To Offer Common for Subscription by Stockholders-

The company it was announced April 7, plans to make an early offer of 140,921 additional shares common stock for, subscription by stock-holders. Holders are to be given the right to purchase one new share for each 16 shares held. The price at which the stock is to be offered, and the record date for the issue of subscription warrants, will be set forth in a registration statement which soon is to be filed with the SEC. The issue will not be underwritten, but stockholders will have the privilege of subscribing for any shares not taken up by stockholders.

Proceeds from sale of the new stock are to be applied to financing te company's construction program and to purchase additional com-on stock of the Alabama Gas Corp. subsidiary.

Aided by a 15% increase in delivery capacity effected in December.

1947, the system last year sold 19% more gas than it did in 1947. C. T. Chenery, Chairman of the board of directors, announces in the annual report for 1948.

annual report for 1948.

Reflecting this gain, consolidated net earnings for 1948 were equal to \$3.15 for each of the 1,409.212 common shares, compared with \$2.66 in 1947. Parent company net earnings increased to \$2.84 a share, from \$2.29 in the preceding year.

"Sales for 1948 did not reflect to any substantial extent." however, the management points out, "the additional increase, approximately 43%, in delivery capacity provided by the installation of additional facilities completed in December, 1948."

These new facilities raised capacity of the system to 420,000,000.

These new facilities raised capacity of the system to 420,000.000 cubic feet of gas a day, from 294.000.000 feet a day previously. "This increase was by far the largest," the report states, "measured both by the amount of increased capacity and as a percentage of previous capacity, made in any year since the construction of the company's system. The largest previous increase, 45,000,000 cubic feet, was made in 1941.

"Since Dec. 31, 1945, delivery capacity has been increased by a total of 196,000,000 cubic feet daily, an increase of more than 82% of the system's capacity at that date."

Even with this increase, the management says, the normal require-

Even with this increase, the management says, the normal requirements of consumers, including industrial consumers, plus the peak requirements of gas used for heating purposes, are substantially in excess of the delivery capacity of the company's system.

The cost of property additions last year was \$16,828,873. of which \$14,000,000 was provided from sale of new 3% first mortgage bonds and the balance was obtained from treasury resources. The construction budget for 1349 tentatively calls for spending \$4,300,000 for miscellaneous purposes, including well drilling, and to pay the balance of the cost of facilities installed last year. This budget figure excludes possible further expansion of pipe line capacity.

Proven reserves of natural gas owned by Southern Natural Gas Co. or controlled by contract exceed three trillion cubic feet, according to estimates made last spring by an independent geologist. This is equivalent to more than 20 times annual system requirements as presently estimated, based on present system capacity and excluding highly interruptible gas sales to other pipe lines and gas used for repressuring oil wells in the Brookhaven field in south central Mississippi. Southern can repurchase in several years the gas used in these re-Southern can repurchase in several years the gas used in these repressuring operations.

pressuring operations.

Two of the company's three contracts for purchase of gas in the Monroe, Louisiana, field expire at the end of this year, but the company expects to make up for any reductions in its takings from this field by additional withdrawals from the Logansport field in northwest Louisiana and eastern Texas and from its own wells in the Bear Creek field in that same area.

Company reports that it is giving consideration to disposing of the stocks of its gas retailing subsidiaries operating in Alabama and Mississippi, but to date it has not formulated a definite plan for the purpose.

The company is holding open until July 11, next, its offer to exchange one share of its own common stock for each two common shares of the Birmingham Gas Co. subsidiary, which at last report had 18,751 shares in hands of the public. Birmingham was merged into Alabama Gas Corp. last December.—V. 169, p. 705.

Southern New England Telephone Co.-Par Changed The stockholders on April 5 approved the reduction of the par value of the capital stock from \$100 to \$25 per share, and, subject to the approval of the Connecticut Public Utilities Commission, authorized issuance of four shares of the new \$25 par stock in exchange for

each \$100 par share outstanding.

The directors fixed May 9 as the date on which the change would become effective.—V. 169, p. 1271.

Standard Factors Corp.—New Vice-President—

Theodore H. Silbert, President, announces the election, effective immediately, of Reynard Joseph, as Vice-President and Resident Manager of the company's California office in the Garfield Building, 403 West Eight Street, Los Angeles 14. Mr. Joseph comes to Standard with extensive experience in factoring and financing, having been President of James Talcott of California, Inc., factors, and an officer of Century Factors. Inc. of New York City.

of Certury Factors, Inc. of New York City.

Mr. Si.bert stated that additional resources would be allocated to the factoring activities of Standard Factors in California. The corporation, which recently took enlarged quarters in the Gartleid Building has over-all resources exceeding \$9,000,000.—V. 169, p. 1341.

Standard Gas & Electric Co .- To Sell Northern States Power (Minn.) Stock-

The company has notified the SEC that it proposes to sell from time to time on the New York Stock Exchange the balance of its boldings (6,675 shares) of the common stock (no par) of Northern States Power Co. (Minnesota).—V. 169, p. 1118.

Sun Oil Co.-1948 a Record Year-

The company on Feb. 20 reported that 1948 was the biggest year of oil operations in its history and at the same time forecast for this year a return of "spirited, wholesome competition" in a market in which supply has caught up with demand.

Strong demand last year increased price levels in the petroleum industry and spurred Sun to new record; both in business volume and dellar earnings, the company's annual report states.

Marketing conditions changed radically last year as an expanding oil industry gradually overcame supply difficulties, bringing about a "buyer's market" for some petroleum products at the year's end, the report points out.

The resulting sharpened competition is a development to be welcomed rather than to be regretted, the report states, because a competitive climate is one to which the petroleum industry characteristics.

cally is accustomed. Capital expenditures during 1948 to rep'ace and expand facilities totaled \$54,292,000, distributed as follows: Production facilities, \$25,-682,000: transportation facilities, \$6,603,000; manufacturing facilities, \$6,603,000; manufacturing facilities, \$5,815,000, and shippard and others, \$1,573,000, Additionally, intangible development expenditure for the preving and development of prospective oil fields totaled \$21,938,000.

Bond Record «» New York Stock Exchange FRIDAY - WEEKLY - YEARLY

NOTICE—Prices are "and interest"—except for income and defaulted bonds. Cash and deferred delivery sales are disregarded in the week's range, unless they are the only transactions of the week, and when outside of the regular weekly range are shown in a footnote in the week in which they occur. No account is taken of such sales in computing the range for the year.

The italic letters in the column headed "Interest Period" indicate in each case the month when the bonds mature.

Figures after decimal point represent one or more 32d of a point.

NEW YORK CURB EXCHANGE WEEKLY AND YEARLY RECORD

NOTICE—Cash and deferred delivery sales are disregarded in the week's range unless they are the only transactions of the week, and when selling outside the regular weekly range are shown in a footnote in the week in which they occur. No account is taken of such sales in computing the range for the year.

In the following extensive list we furnish a complete record of the transactions on New York Curb Exchange for the week beginning on Saturday, April 2 and ending the current Friday, April 3. It is compiled from the reports of the Curb Exchange itself, and is intended to include every security, whether stock or bond, in which any dealings have occurred during the current year.

THE COURSE OF BANK CLEARINGS

Bank clearings this week will show an increase compared with a year ago. Preliminary figures compiled by us, based upon telegraphic advices from the chief cities of the country, indicate that for the week ended Saturday, April 9, clearings for all cities of the United States from which it is possible to obtain weekly clearings will be 1.5% above those of the corresponding week last year. Our preliminary total stands at \$13,551,583,443 against \$13,351,287,767 for the same week in 1948. At this center there is a gain for the week ended Friday of 0.6%. Our comparative summary for the week follows:

Clearings-Returns by Telegraph

	Week Ended April 9	1949	1948		%
	New York	\$7,074,097,338	\$7,034,323,775	+ 0	.6

Complete and exact details for the week covered by the foregoing will appear in our issue of next week. We cannot furnish them today, inasmuch as the week ends Saturday, and the Saturday figures are not available at time of going to press. Accordingly, in the above the last day of the week in all cases has to be estimated.

In the elaborate detailed statement, however, which we present further below we are able to give final and complete results of the week previous - the week ending April 2. For that week there was a decrease of 1.0%, the aggregate of clearings for the whole country having amounted to \$13,800,786,029 against \$13,942,-401,729 in the same week in 1948. Outside of this city there was a loss of 6.1%, the bank clearings at this center have recorded an increase of 4.1%. We group the cities according to the Federal Reserve Districts in which they are located and from this it appears that in the New York District (including this city) the totals show an improvement of 3.4%, but in the Boston Reserve District the totals show a decline of 0.3% and in the Philadelphia Reserve District of 10.2%. In the Cleveland Reserve District the totals record a loss of 3.0%, in the Richmond Reserve District of 5.8% and in the Atlanta Reserve District of 4.8%. The Chicago Reserve District suffers a decrease of 11.1%, the St. Louis Reserve District of 5.8% and in the Minneapolis Reserve District of 6.2%. In the Dallas Reserve District the totals are larger by 1.9% but in the Kansas City Reserve District the totals are smaller by 7.7% and in the San Francisco Reserve District by 2.8%.

In the following we furnish a summary by Federal Reserve Districts:

SUMMARY OF BANK CLEARINGS

Week Ended April 2	1949	1948	Inc. or	1947	1946

Condition Statement of Member Banks

The condition statement of weekly reporting member banks of the Federal Reserve System in leading cities shows the following principal changes for the week ended March 30: An increase of \$338,000,000 in loans, and decreases of \$930,000,000 in holdings of United States Government securities and \$564,000,000 in demand deposits adjusted.

Commercial, industrial, and agricultural loans decreased \$23,000,000 in New York City and by smaller amounts in most of the other districts; there was a net decrease of \$58,000,000 at all reporting member banks. Loans to brokers and dealers for purchasing or carrying United States Government and other securities increased \$256,000,000, largely in New York City. Loans to banks increased \$135,000,000.

Holdings of Treasury bills decreased in all districts, the principal decreases being \$295,000,000 in New York City, \$169,000,000 in Chicago, and \$51,000,000 in the San Francisco District; the total decrease at all reporting member banks was \$632,000,000. Holdings of Treasury certificates of indebtedness decreased \$116,000,000 in Chicago and a total of \$250,000,000 at all reporting member banks. Holdings of United States Government bonds decreased \$45,000,000 in Chicago and increased \$35,000,000 in New York City; the net decrease at all reporting member banks was \$8,000,000.

Demand deposits adjusted decreased \$561,000,000 in Chicago and \$45,000,000 in the Richmond District, and increased \$65,000,000 in New York City. United States Government deposits increased \$87,000,000. Demand deposits credited to domestic banks increased \$128,000,000 in Chicago and decreased in all other districts, the largest decrease being \$104,000,000 in New York City; the net decrease at all reporting member banks was \$177,000,000.

Borrowings decreased \$119,000,000 in New York City, \$34,000,000 in Chicago, and a total of \$186,000,000 at all reporting member banks.

A summary of the assets and liabilities of reporting member banks follows:

DIVIDENDS

Dividends are grouped in two separate tables. In the first we bring together all the dividends announced the current week. Then we follow with a second table in which we show the dividends previously announced, but which have not yet been paid. Further details and record of past dividend payments in many cases are given under the company name in our "General Corporation and Investment News Department" in the week when declared.

The dividends announced this week are:

Tennessee Odin Insurance Co.—Files With SEC—

The company on March 29 filed a letter of notification with the SEC for 3.860 shares (no par) capital stock, to be offered at \$8.50 per share without underwriting. Proceeds will be used for expansion.— V. 169, p. 1119.

Texas Eastern Transmission Corp.—Expansion to Begin Immediately—

Construction work on the corporation's new expansion program, designed to increase the capacity of its natural gas pipe line system to 740 million cubic feet a day, will begin immediately, R. H. Hargrove, President, reported on March 31. His announcement followed receipt of the Federal Power Commission's order granting a certificate of public convenience and necessity for the new project. (For fur details see Texas Gas Transmission Corp. below.)—V. 169, p. 950.

Texas Electric Service Co.—Hearing on Financing—

The SEC has given interested persons until April 13 to request a hearing upon the bond financing proposal of the company. As previously reported, the proposal covers \$8,000,000 of 30-year first mortgage bonds to be offered for sale at competitive bidding. Proceeds would be used, together with the \$4,000,000 proceeds of the sale of 2,000,000 shares of common stock to Texas Utilities Co. (parent), for the payment of \$5,100,000 of short-term borrowings from the parent and for construction and other corporate purposes.

To Sell 2,000,000 Shares of Stock to Parent—

The company has received SEC authorization to issue and sell 2,000,000 additional shares of its common stock (no par) to its parent,-Texas Utilities Co. for \$4,000,000, the proceeds to be used to finance, in part, its 1949 construction program, to repay short-term advances by the parent, and for other corporate purposes.—V. 169, p. 1342.

Texas-Empire Pipe Line Co.—Borrows \$15,000,000 Privately-The company on April 1 borrowed \$15,000,000 from the John Hancock Mutual Life Insurance Co. The loan is payable at the rate of \$1,000,000 annually over 15 years and carries an average interest rate of 3.056%.

The company is owned jointly by the Texas Co. and Empire Gas & a wholly-owned subsidiary of Cit.es Service Co.-V. 133,

4-for-1 Stock Split Voted-

The stockholders at the annual meeting approved a change in the authorized capitalization to 550,000 shares of common stock, \$1 par, from the present 137,500 shares of no par common.

This action was taken in order to permit a four-for-one split of made to stockholders of record April 15 .- V. 169, p. 1492.

Texas Gas Transmission Corp.—To Build New Pipeline Facilities—Annual Report-

The Federal Power Commission March 30 authorized Texas Gas Transmission Corp. and Texas Eastern Transmission Corp. to build new interconnected pipeline facilities for the purpose of transporting natural gas from the East Texas, Texas Gulf Coast and North Louisi-ana areas to gas companies in Kentucky, Tennessee, Indiana, Ohio and Pennsylvania.

Facilities authorized for construction by Texas Gas include 723 tiles of 26-inch line from Lisbon gas field in Louisiana to a point near Middletown, Ohio; 110 miles of 20-inch line from the Carthage field in East Texas to the Lisbon field; a 32-mile lateral in Indiana from Madisonville to Evansville; and 10 compressor stations with an initial installed capacity of 68,800 borsepower. Total estimated cost is \$73,500,000.

Construction proposed by Texas Eastern and authorized by the Commission includes 177 miles of 26-inch line extending ea tward from a point of connection with the Texas Gas facilities near Middletown, Ohio; a 100-mile extension of the Little Big Inch line in Texas; 33 miles of loop line near Beaumont, Texas; 36 miles of loop line between Castor and Lisbon, La.; and additional compressor facilities. Total cost of these facilities has been estimated by Texas Eastern at

Texas Eastern was ordered by the Commission to make natural gas available to Texas Cas at the Lisbon, La., connection in a volume of not more than 200.000.000 cubic feet a day. Texas Gas was ordered to make available to Texas Eastern at the Middletown, Ohio, connection 235,000,000 cubic feet a day plus any amounts not delivered to Louisville Gas and Electric Co. during the first two years of operation of the feedlities. Louisville Gas as of the facilities.

In addition, Texas Gas was ordered to render service to distributing utilities up to the following maximum daily amounts in cubic feet: Kentucky Utilities Co., 2,500,000 for Paducah, Ky.; Corporation of Dyersburg, Tenn., 3,000,000; Madison (Ind.) Utilities Corp., 800,000; Lawrenceburg (Ind.) Gas Co., 2,000,000; Tennessee Gas Co. for Union City, Tenn., 1,000,000; and Louisville Gas & Electric Co., 20,000,000 during the first year of operation, 39,000,000 in the second year and 40,000,000 thereafter.

Co., Ohio Fuel Gas Co. and Manufacturers Light and Heat Co. The Commission, however, ordered Texas Eastern to sell not only to these but also to five other companies-four in Pennsylvania one in Ohio-which had asked for deliveries from the Texas Eastern

Following are the maximum daily deliveries in cubic feet ordered Following are the maximum daily deliveries in cubic feet ordered to be made by Texas Eastern: East Ohio Gas Co. of Cleveland, 110,000,000; Ohio Fuel Gas Co of Columbus and Manufacturers Light and Heat Co. of Pittsburgh, both members of the Columbia Gas System, Inc., 100,000,000; The Philadelphia Gas Works Co. 18,000,000; Consumers Gas Co. of Reading, Pa., 2,000,000; Allentown-Bethlehem Gas Co., 2,500,000, and Harrisburgh Gas Co., 3,000,000. Texas Eastern was also ordered to make available to National Gas and Co., 2,500,000; and Harrisburgh Gas Co. 3,000,000. Texas Eastern was Corp. of Newark, Ohio, 4,000,000 cubic feet a day on a firm basis throughout each year and in addition up to 6,000,000 cubic feet a day during the summer period of each year. summer period of each year.

With regard to financing of the proposed projects, the Commission noted the proposal of Halsey, Strart & Co. Inc. that Texas Gas be ordered to sell its bonds at competitive bidding, but declined to imposs such a condition in its authorization.

In a lengthy dissenting opinion, Commissioner Leland Olds contended that construction of the pipeline facilities by Texes Gas and Texas Eastern should not be authorized on the basis of the showing made. "In the first place," he stated, "I cannot accept the majority's conclusion that applicants have shown adequate reserves (of natural gas) to support the service which they propose to render. Analysis of the evidence shows not only that the supply side of the picture is little better than that which led the Commission to reopen the Tensessee Gas Transmission Co. case (Docket G-962) for further showing. nessee Gas Transmission Co. case (Docket G-962) for further showing, but also that Texas Eastern's attempt to justify a different conclusion in this case was not supported even by the test mony of its own expert witnesses." In his dissenting opinion, Commissioner O'ds set forth in some detail the considerations which he considers important in connection with the showing of adequate reserves by natural gas

"In the second place," Commissioner Olds continued, "I strongly disagree with the conclusion of the majority that the financing plans of Texas Eastern Transmission Corp. and Texas Cas Transmission Corp. meet the requirements of public convenience and necessity. I am convinced that the Commission should require more equity capital in the case of the former and competitive bidding in connection with the issuance of bonds by the latter. The flaunting of the Commis-sion's authority in the matter of Texas Gas, through private tale of its bonds after the Commission had defined competitive bidding as an issue in the case, would provide pipeline companies with an easy mode of evasion in future cases.'

Commenting specifically on the question of the Commission's authority to regulate natural-gas company financing. Commissioner Olds in his dissent stated that "while the Natural Cas Act does not give us jurisdiction to regulate security issues as such, it does authorize us to impose in certificate cases reasonable conditions in the public interest, including particularly, as shown by the legislative history, conditions in respect to financing. . "The Commission, Commissioner Olds added, has recently exercised this authority by attaching a requirement of competitive bidding to a certificate granted to Tennessee Gas Transmission Co. nessee Gas Transmission Co.

chairman Nelson Lee Smith filed a separate concurring statement dealing with the Commission's authority over the financing of pipeline projects. Emphasizing that he has "consistently advocated the requirement of competitive bidding on bond issues where justified under the applicable statutes and surrounding circumstances." Chairman Smith stated that he was unable to find "any legislative warrant for the assumption of the comprehensive jurisdiction over natural-gas security issues and finance which would be necessary to justify, in these circumstances, the requirement of competitive bidding in respect of the bonds of Texas Gas or to support a requirement that Texas Eastern be forced to increase its equity financing." He added, Texas Eastern be forced to increase its equity financing." He added, however, that he was prepared to join with the other Commissioners in recommending to Congress that the Commission be given comprehensive financial jurisdiction under the Natural Gas Act over the security issues of interstate natural-gas companies.

Commissioners Claude L. Draper and Thomas C. Buchanan did not participate in the Commission's action.

(The) Thew Shovel Co., Lorain, Ohio-Reports Record Year of Sales and Earnings-To Celebrate 50th Anniversary-May Retire Preferred Stock During 1949 - This company, makers of Lorain power shovels and cranes, in its 1948 annual statement, reports new record high sales and earnings. On July 17, 1949, it will celebrate the 50th anniversary of its incorporation. C. B. Smythe, President, in his letter to shareholders said:

"Net sales for the year 1948 were \$34,105,585—32.7% ahead of the \$25,666,008 the year before. . . . Our exports were well ahead of the 1947 total. Sales of replacement parts grew with the increasing number of Thew-Lorains in operation, aided by the improved parts service of our 6 stributers."

ber of Thew-Lorains in operation, aided by the improved parts service of our distributors."

Net income for the year was \$3.036,331, another record high, and compares with \$2,235,199 in 1947. Earnings after preferred dividends were \$6.61 per common share, against \$4.84 in 1947 (adjusted for the increase in April, 1948 of outstanding \$5 par value common shares from 151,982 to 455,946, through a 3-for-1 split-up). Net income was equal to 8.9c on each sales dollar, compared with 9.4c average for the five prewar years 1936-1940.

During the year, dividends were paid on the 455,943 shares of common stock totaling \$1.25 per share, including a year-end extra of 25c.

of 25c.

In 1948 1,250 shares of the 7% \$100 par value preferred stock were re.red, leaving 2,733 shares outstanding. The report indicated the probable retirement of the balance of this issue during 1949.

On Dec. 31, 1948 book value of the common shares was \$20.75, an increase of \$5.35 over Dec. 31, 1947. Working capital increased from \$5.879,889 to \$7,778,075, amounting to \$17.06 per common share. Current assets increased from \$9,200,000 to \$11,600,000, while current liabilities went from \$3,300,000 to \$3,800,000. Cash and accounts receivable totaled \$3,800,000—total assets increased from \$11,200,000 to \$14,00,000.

Mr. Smythe indicated that during the first quarter of 1949 operations were approximately 14% lower than in the same period last year. D'scussing the company's prospects, he said: "While the public works programs promise to be helpful, we have planned our 1949 production in anticipation of a lower sales volume than during the past year. . . Indications are that 1949 sales volume, though reduced, will not fall below a satisfactory level, but this is, as always, subject to prevailing business conditions."

At the annual meeting held on April 5, E. M. Barber, President, reported to the shareholders that expected earnings for the first quarter of 1949 should be consistent with 1948 average earnings. He also stated that present conditions indicate a general reduction in steel demand in the latter part of the second quarter, although it is expected that operations will continue at normal rates during that period. With steel supply in balance with demand, competitive conditions are expected to continue during the balance of the year.

BALANCE SHEET, DEC. 31, 1948

ASSETS—Cash, \$1,281,206; United States Treasury notes—series C and D (less \$1,167,556 applied against Federal tax liability and \$315,220 included in fund set aside for property purchase and replacement), \$147,984; other securities (quoted market price—\$26,500), \$9,300; trade accounts receivable (less allowance for doubtful accounts of \$11,100), accounts receivable (less allowance for doubtful accounts of \$11,100), \$454.750; inventories, \$902,003; property not used in operations (less allowance of \$1,241 for depreciation of buildings), \$11,259; officer's stock contract (1,760 common shares under contract of sale, carried at cost to the company and held by it as collateral), \$18,087; estimated renegotiation rebates for prior years, \$9,520; sundry receivables, \$447; fund set aside for property purchase and replacement, \$1,727,249; property, plant and equipment (after allowances for depreciation and amortization of \$2,149,197), \$2,926,812; prepaid insurance and other expenses, \$21,226; total, \$7,570,003. expenses, \$21,236; total, \$7,570,003.

LIABILITIES—Trade accounts payable, \$383,692; accrued salaries, wages and commissions, \$134,997; accrued payroll taxes and taxes withheld from employees, \$53,232; local taxes accrued, \$19,103; 4¼% preferred stock (par value \$100 per share), \$1,738,700; common stock (par value \$1 per share), \$338,300; capital surplus, \$251,839; earned surplus, \$4,650,135; total, \$7,570,003.—V. 168. p. 2733.

Thompson Industries, Inc.—Registers With SEC-

The company April 1 filed a registration statement with the SEC covering 120,000 shares of convertible preferred stock (\$1 par), of which 32,214 shares are to be offered pro rata to present holders of the \$6 cumulative preferred stock on a one-for-one basis and 87,786 shares, and any shares not exchanged for the \$6 cumulative preferred stock, are to be offered on a pro rata basis to the other holders of the \$6 cumulative preferred stock at a price of \$15 per share. Any shares not thus exchanged or sold will be offered, on a pro

rata basis, to the holders of the company's common stock at \$15 per share. Any shares then remaining will be offered for sale to the public at not less than \$15 per share. No underwriting is involved. Each share of preferred will be convertible into 15 shares of common stock

Proceeds of the financing are to be used to pay for the costs of modernization of the restaurant operations undertaken during the past two years, for the further modernization of the restaurants at various locations, and for the repayment of money borrowed to pay real estate taxes and of other borrowings outstanding. This includes alterations in the upper floors of the Central Building located at 14-17 Court Square, Boston, for the purpose of making it suitable for occupancy as office or commercial space. The funds will be also used for the purpose of expending into other potentially profitable enterprises; in this connection exploratory negotiations are under way at prises; in this connection exploratory negotiations are under way at the present time with several companies.—V. 169, p. 705.

Trenton Chemical Co., Detroit—Registers With SEC-

The company on March 31 filed a registration statement with the SEC proposing the public offering of 131,841 shares of 6% cumulative

Straus & Blosser, Chicago, Carr & Co., Detroit, and Lester & Co., Los Angeles, are named as the principal underwriters. The stock is to be offered at \$2.25 per share, with a \$0.3375 commission to the underwriters. Each share of stock is convertible into two shares of

common stock at the option of the holder.

Proceeds of the financing are to be used to build and equip a plant to hydrolyze gluten, estimated to cost \$200.000 and to replace working capital used for certain capital additions.-V. 168, p. 1487.

Trusteed Industry Shares (1969)—Dividend—

A distribution of \$0.017 per trust share was made on April 5 to stockholders of record March 31, 1949. Last year dividends were rold as follows: April 5, 1.3 cents; July 6, 1.1 cents; Oct. 5, 1.2 cents; Dec. 27, 2.7 cents (including one-cent capital gains distribution). The total size of this Fund is \$3.200.000, with 4.600 000 shares outstanding held by some 4,000 registered and beneficial holders. The Fund has recently renewed its distribution activities through a wholesele distributing contract with Cantor, Fitzgerald and Co., Inc., 61 Broadway, New York. B. Gerald Cantor and John J. Fitzgerald are directors and Howard E. Norris is President of T. I. S. Management Corp., the junds sponsor corporation. ment Corp., the funds sponsor corporation.

Registers With SEC-

The compeny has filed a registration statement with the SEC covering 1,000,000 shares of its capital stock.—V, 169, p. 705.

Tucson Gas, Electric Light & Power Co .- Common Stock Offered—Public offering of a new issue of 66,000 shares of common stock (par \$10) was made April 7 by an investment banking group headed jointly by Blyth & Co., Inc., and The First Boston Corp., and including Henry Dahlberg & Co., E. F. Hutton & Co. and Refsnes, Elv. Beck & Co. The stock was priced at \$17 per share.

To Sell \$3.500,000 Bonds Privately-By an agreement dated April 5, company has agreed to sell to an institutional investor \$3.500,000 first mortgage bonds. 31/8 % series due 1979. The sale is to be consummated on April 12, 1949.

Transfer agents: Southern Arizona Bank & Trust Co., Tiesen, Ariz., and New York Trust Co., New York. Registrars: The Valley National Bank of Phoenix, Tucson, Ariz., and Irving Trust Co., New York, N. Y.

HISTORY AND BUSINESS—Company was organized in Colorado Jan. 25, 1902, and is qualified as a foreign cornoration to do business in the State of Arizona. Company is a public willity operating company engaged principally in the generation, purchase, transmission, distribution and rale of electricity and in the purchase, distribution and sale of natural gas in Tucson, Ariz., and its environs and the rural

CONSTRUCTION PROGRAM-In order to meet the increasing demand for electric and gas service due to the rapid growth of Tucson and the area served, the company is engaged in a construction program involving a substantial expansion of its facilities for the generation and distribution of electricity and the distribution of natural gas. As part of this program, the company is establishing a new electric generating station approximately 2½ miles northwest of the center of Tuccon, in which it expects to instal one 12.500 kw, and one 11.500 kw, turbo-generator, together with auxiliary equipment. The boilers for these units will be fired with natural gas obtained from El Paso Natural Gas Co, and are also designed to use fuel oil clusing periods when natural gas is not available for such purpose.

from El Paso Natural Gas Co. and are also designed to use fuel oil during periods when natural gas is not available for such purpose. The 12,500 kw. unit is expected to be in operation in the summer of 1949 and the 11,500 kw. unit in the fall of 1949.

During 1948 approximately \$2,677,000 was expended for construction, chiefly in connection with necessary extensions and installations to furnish service to 6,049 electric and 4,327 gas customers added during the year. In June, 1948, the company sold to institutional investors \$1.500,000.5% cumulative preferred stock, and the net proceeds of this sale, together with retained net earnings and moneys provided from accruais for depreciation, were used to finance the construction expenditures made during 1948.

For 1949 the company's construction program is estimated to require

For 1949 the company's construction program is estimated to require For 1949 the company's construction program is estimated to require the expenditures of approximately \$5,300,000. In order to provide funds for such expenditures pending completion of permanent financing, the company has arranged a credit of \$3,000,000 with the Irving Trust Co. pursuant to which it has borrowed \$1,500,000 on its unsecured promissory notes. By an agreement dated April 5, 1949, company has agreed to sell to an institutional investor on the terms and conditions therein stated, \$3,500,000 first mortgage bonds, 31% series due 1979. Such sale is to be consummated on April 12, 1949. the purchaser.

The net proceeds from the sale of such bonds will be applied in part to the prepayment of the promissory notes. It is expected that the balance of the net proceeds of sale of such bonds, together with the net proceeds of sale of the common stock and other general funds of the company, will be sufficient to complete the construction contemplated for 1949. The bond purchase agreement does not irrevocably bind the purchaser to purchase such bonds but provides that such purchaser's obligation is conditioned upon the consummation of the sale of the common stock and is subject to certain further conditions.

Funds for additional construction for years subsequent to 1949 will be provided in part from available reserves and earnings and in part from the sale of additional securities of such types as may be desirable at the time, or from bank loans. C. the basis of pre-liminary estimates, construction expenditures for the year 1950 will aggregate approximately \$1,350,000, mainly for additional electric and gas distribution facilities.

PURPOSE—The net proceeds, estimated at \$1,010,766 after the deduction of expenses, from the sale of the 65,000 shares of common stock will be added to the general funds of the company and are proposed to be used to provine part of the funds required for the construction program of the company.

"In the first quarter of 1948, total income reflected an unusual increase as a result of the receipt of \$424,629 from Niagara Hudson Power Corp. as partial payment of the dividend arrears on the 48,529 shares of its 2nd preferred stock owned by United. The remaining arrears were cleared in May, 1948. Since then, United has been receiving the regular quarterly dividends on that stock in the amount

of \$60,661," the statement said.

"As the last line of the above table shows, the balance available for common stock in the flist quarter of 1948 would have been \$81,093 without the receipt of the Niagara Hudson dividends in arrears. Accordingly, the balance available for common stock of \$210,303 for the first quarter of 1949 represents a substantial increase in the company's regular earnings. regular earnings.

"The indicated increase in regular income is due principally to a quarterly dividend of 40 cents per share on the common stock of Public Service Electric & Gas Co. in the 1949 quarter, compared with a quarterly dividend of only 35 cents per share, received in the 1943 quarter on the common stock of the former Public Service Corp. of New Jersey, or an increase of \$77.116 for 1949 over 1948.

"The company's larger heldings of common stocks of The Cincinnati Gas & Electric Co. and The Columbia Gas System, Inc., resulting from the purchase of additional stock of these companies in 1948 through the exercise of rights, have also contributed \$30,195 to the increase in regular income for 1949 over 1948.

"Hearings before the Securities and Exchange Commission on the The indicated increase in regular income is due principally to a

regular income for 1949 over 1948.

"Hearings before the Securities and Exchange Commission on the reorganization of the Niagara Hudson System began on March 1 and are still in progress.

"On Feb. 15, 1949 the U. S. District Court in Delaware entered an

"On Feb. 15, 1949 the U. S. District Court in Delaware entered an order approving the plan to retire the company's preference stock and directing that it be carried out according to the terms approved by the Securities and Exchange Commission. Recently, however, notice of appeal from this order to the United States Court of Appeals for the Third Circuit has been filed. We are not yet able to say what the effect of this appeal may be," the corporation's statement concluded.

V. 169, p. 808 -V. 169, p. 808.

United States Air Conditioning Corp.—New Directors Albert C. McMenimen (Vice-President and a director of Boston Edison Co.), Mortimer B. Burnside (investment banker, New York, N. Y.) and Hiram S. Gans (attorney, New York, N. Y.) have been elected new members of the board of directors to represent the common stockholders.—V. 166, p. 693.

United States Finishing Co.—President Ousted-

Grant A. McClatchie, President of the company, was ousted from office on April 6 at the annual meeting of stockholders. He was dropped from the board of directors, and the office of President was left vacant in the election of officers which followed at a meeting of the new board. Donald B. Derby of Syracuse, N. Y., was elected President of the new board and Chairman of its executive committee. No date was set for the election of a company President to succeed Mr. McClatchie. Named to the executive committee were G. Wyman Carroll, Jr., Norwich, Treasurer; Tracy A. Adams, Norwich, Executive Vice-President and General Manager; James Hodes and Robert J. Hull, both of New York, and Ronald H. Ramsey of Atchison, Kans.—V. 168, p. 1050. chison, Kans .- V. 168, p. 1050.

The company's earned surplus as of Dec. 31, 1947, was \$10,431,538. After adding profit for 1948 of \$4,609,902, and settlement of claim for 1934 Federal income tax amounting to \$308,687, and deducting preferred dividends of \$1,637,818, common dividends \$1,057,530, and appropriation to contingent reserve for development amounting to \$2,000,000, the earned surplus balance on Dec. 31, 1948 was \$10,654,779.—V. 168 p. 2734

United States Spring & Bumper Co.-Loan Placed Privately—The company has placed privately with Pacific Mutual Life Insurance Co., \$900,000 4½% 10-year loan. Company also borrowed \$600,000 from a Los Angeles bank.—V. 164, p. 997.

Universal Laboratories, Inc.—To Vote on Plan—

The stockholders on April 11 will consider a proposed plan of recapitalization.—V. 169, p. 1493.

Utah Power & Light Co.—Hearing on Financing—

The SEC has given interested persons until April 15 to request a hearing upon the bond financing proposal of the company. As previously reported, the company proposes to issue \$3,000,000 of 30-year first mortgage bonds, to be sold at competitive bidding. Proceeds would be used for general corporate purposes, including capital expenditures.—V. 169, p. 1273.

Virginia Dare Stores Corp.—March Sales—

Period End. Mar. 31--V. 169, p. 1274.

Virginia Iron, Coal & Coke Co. - Pays Off Bonds Through Bank Loan and Own Funds-

Through Bank Loan and Own Funds—
Samuel T. Brown, President, on March 25 said in part:
"As of March 1, 1949, the company supplemented its own funds with \$300,000 borrowed from The First National Exchange Bank of Roanoke, Va. The company gave the bank its note, payable on or before five years from March 1, 1949, with interest for the first year at the rate of 3% and thereafter at the rate of 4% per annum. The company agrees to make quarterly curtailments on account of this note, commencing with a payment of \$15,000 Dec. 1, 1949, and a payment of \$10,000 each quarter thereafter until maturity. The funds thus made available were used to provide for the complete liquidation of the outstanding balance (\$636,000 at March 1, 1949) of the 5% first mortgage, noncallable, 50-year gold bonds of a \$10,000,000 issue dated March 1, 1899. The capital structure of the company now consists of 80,401 shares 4%, \$25 par value, cumulative, convertible preferred stock having an aggregate par value of \$2,010,025 and 112,615 shares of common stock having an aggregate par value of \$1,126,150.

615 shares of common stock having an aggregate par value of \$1,126,150.

"Earnings in 1948 established a new high level for the past several years. It seems reasonably certain that earnings in the current year will recede from that level. It is our hope and expectation that dividends on our preferred stock may be paid without interruption. Dividends on common stock cannot be paid until a fair margin of safety is secured in 'earned surplus.' Prediction as to the time element with respect to the payment of dividends on the common stock must await future developments.

"Pursuant to the plan of recapitalization which became effective Dec. 31, 1947, the company commenced the year 1948 with a zero balance in 'earned surplus.' The business conducted in 1948 produced net profit of \$204,775. After dividends on the preferred stock paid at the rate of 25 cents per quarter, amounting in the aggregate to \$80,468, and after the preferred stock sinking fund requirements of \$24,861, we credited \$100,668 to 'earned surplus.' This latter amount, equivalent to approximately 95 cents per share of common stock, represents the common stockholders' equity in 1948 net profit."

In January, 1949, the company granted General Chemical Division, Allied Chemical & Dye Corp., an option for six months, in consideration of a payment of \$50,000, to purchase all of our lands in Carroll County, Va., for the sum of \$2,500,000. If the option is exercised by General Chemical Co., the \$50,000 payment will apply to the purchase price. The value of this property is based upon a deposit of pyrrhotite which appears to extend along the length of our properties for a distance of approximately 11 miles. During the otion period it is anticipated that the General Chemical Co. will further explore the property and conduct such investigations as they deem advisable.—V. 169, p. 1014.

Washington Gas Light Co.—Seeks 5 Charter Changes

Washington Gas Light Co.—Seeks 5 Charter Changes The company on March 28 asked authority to make five changes in its 101-year-old charter. In a bill prepared by the Bistrict Public Utilities Commission and submitted to Congress by Senator J. Howard McGrath, the gas company sought to. (1) Enlarge its board of directors from the present seven members to a maximum of 15 to give broader representation. (2) Empower it to consolidate or merge with subsidiaries in Maryland and Virginia. (2) Change the date of its annual stockholders' meeting from the first Monday in February to a later date. (4) Repeal the statute fixing the maximum price of gas used in public buildings at 75 cents a 1,000 cubic feet. (5) Eliminate the requirement of filing with Congress a complete list of the gas firm's stockholders. The bill already indorsed by the PUC as being in the public interest will be studied by the Senate District Committee. At its annual stockholders meeting (adjourned from Feb. 1), all directors were reelected.—V. 169, p. 384.

West Coast Telephone Co.—Common Stock Offered— Blyth & Co., Inc., on March 30 offered 35,000 shares of common stock (par \$20) at \$27.25 per share.

Transfer agents: B. D. Starkweather and N. L. O'Donnell, 1714 California Street, Everett, Wash. Registrar: First National Bank of Everett, Wash.

FURPOSE—The net proceeds to be received are expected to be \$869,267. The company expects to use this amount to defray part of the cost of extensions, additions and improvements to its properties and those of its subsidiary, West Coast Telephone Co. of California, during 1949. It is anticipated that such expenditures will aggregate approximately \$2,000,000.

It is expected that the remaining funds required for the completion of this program will be obtained from (a) cash (including short-term government bonds) on hand as of Dec. 31, 1948, and (b) internal sources, the principal items of which are accruals for depreciation (expected to approximate \$420,000) and unappropriated earnings.

Common stock (par \$20	200,000 shs.	115,000 shs.

*As of Feb. 28, 1949, the company's articles of incorporation were amended, increasing the authorized amount of common stock from 20,000 shares to 200,000 shares and increasing the par value per share from \$12.50 to \$20.

STOCK OWNERSHIP—Prior to the sale of the shares now offered all of the company's common stock was owned by West Coast Utilities Corp., the major security owners of which are Loveland & Co. and Pacific Telephone & Telegraph Co. The shares now offered will be the only common stock of the company outstanding with the public offering constitutes the company of the com and the present offering constitutes the company's first public offering of common stock.

DIVIDENDS—A quarterly dividend of 50 cents per share has been declared, payable June 1, to stockholders of record May 15, 1949. There is no assurance as to the amount of future dividends since the declaration and payment of these will be subject to changing conditions, availability of earnings, the financial conditions of the company, and to certtain restrictions on the payment of dividends.

HISTORY AND BUSINESS-Company was incorporated in Washington May 31, 1928, as a consolidation of Puget Sound Telephone Co., Oregon Telephone Co. and Coos & Curry Telephone Co.

The company is an operating public utility, engaged in the business of furnishing local and long distance telephone and telegraph service within certain areas in the States of Oregon and Washington, and, through its wholly owned subsidiary, West Coast Telephone Co. of California, in the State of California.

Toll service is furnished by the company and its subsidiary-both over its own lines and through connections at various points with the lines of The Pacific Telephone & Telegraph Co.

UNDERWRITER-Blyth & Co., Inc., San Francisco, Calif .- V. 169,

West Penn Electric Co.—Weekly Output—

Power output of the electric properties of this company for the week ended April 2, 1949 totaled 106,766,000 kwh., an increase of 13.6% over the output of 93,978,000 kwh. for the corresponding week of 1948.—V. 169, p. 1493.

Westchester (N. Y.) Lighting Co.—Registers With SEC

The company on April 1 filed a registration statement with the SEC proposing the sale at competitive bidding of \$12,000,000 of general mortgage bonds, due May 1, 1979, guaranteed unconditionally as to payment of principal and interest by Consolidated Edison Co. New York Loc payment

Proceeds of the financing will be applied to the cost of redemption on July 1, 1949, at par, of \$10,000,000 of New York and Westchester Lighting Co., general mortgage 100-year gold coupon bonds, 4%, due July 1, 2004, and toward the payment and discharge of open account indebtedness, aggregating \$2,300,000 on March 15, 1949, due and payable to Consolidated and incurred in connection with the interim financing of Westchester's construction program.—V. 169, p. 1274.

Western Air Lines, Inc.—Burnham a Director—

I. W. Burnham, 2nd, a member of the investment firm of Burnham and Company, New York, N. Y., and L. Welch Pogue, former Chairman of the Civil Aeronautics Board, have been elected directors to represent the brokerage group which purchased recently 200,000 shares of Western's stock (see V. 169, p. 1161).—V. 169, p. 1274.

Western American Life Insurance Co., Reno, Nev.-Registers With SEC-

The company filed a registration statement with the SEC March 30, proposing the public offering of 12,500 shares of common (\$10 par). 30.

According to the prospectus, the purpose of sale of the additional 12,500 shares of stock "is so that the company can qualify to enter any state in the United States and its possessions to operate as a life insurer. The admittance requirement of many of the states exceed the present capitalization of this company, therefor, it is necessary to increase the capitalization in order to qualify for admittance. The capitalization of the company as of Dec. 31, 1948, amounted to \$174.710. Some of the states require a capitalization of as much as \$300,000, which means that approximately an additional 12,500 shares would have to be sold for this purpose. The sale of such stock would have to be sold for this purpose. The sale of such st would create an additional \$125,000 in Capital Stock Account."

The stock is to be offered at \$40 per share, with a \$8 commission

Western Union Telegraph Co.-Jan. Earnings Lower-

The company reports gross sales of services in January, 1949 of 693,599, a decrease of \$1,119,770, or 7.1%, compared with January, \$14,693,599, a decrease of \$1,119,770, or 7.1%, compared with January, 1948. The decrease reflects a more severe seasonal decline peculiar to the month because of reduced activity in many lines of business and the pronounced depressing effect of the wartime super-luxury excise

tax of 25% which was imposed on telegrams primarily to keep the tax of 25% which was imposed on telegrams primarily to keep the wires clear for the war traffic of government and industry.

Operations in January, 1949 resulted in a deficit of \$1,220,972 because of lower volume and higher wage rates which became effective April 1, 1948, despite operational and other savings effected during the month. For January, 1948 the deficit amounted to \$535,743

To Perpetuate Charter—

The stockholders on April 13 will consider extending the term of existence of the company beyond April 1, 1951, so that the duration shall be perpetual.—V. 169, p. 745.

White Sewing Machine Corp .- 50-Cent Dividend-

The directors have declared a dividend of 50 cents per share on the common stock, payable May 1 to holders of record April 20. This compares with 25 cents paid on Feb. 1, last, a year-end payment of 50 cents on Dec. 28 and an initial of 25 cents on Nov. 1, 1948.—V. 169,

Wisconsin Central Ry.—Retirement of Debt Urged—

Tenders on all bond issues are sought in a petition filed in the United States District Court in Minneapolis, Minn., by the preferred stockholders' protective committee. A hearing is scheduled to be held today (April 11).

The petition stated that as of Jan. 31 the company had cash on hand of \$2.195.461 and temporary cash investments of \$5.000,000, or a total of \$7,195.461. At the ICC hearing on a plan for the road, the trustee estimated working capital requirements at \$2,500,000. The petitioner expressed the belief that net current assets in excess of \$3:000,000 are available and should be utilized for further debt reduction. The ICC examiner's hearing was continued until May 10. It was said that it is unlikely that a reorganization plan will be ready for the Court before 1950.

Court before 1950.

Court before 1950.

The Court was asked to direct the trustee to include substantial sums for the purchase of junior bonds, namely, first and refundings and Superior & Duluch bonds. It was pointed out that these issues, now selling in the 40s, afford an "excellent opportunity for substantial debt reduction at a low price."

The first general mortgage was reduced from approximately \$20:197.000 to about \$13.804.000 by another tender operation last year. The preferred group also has a petition pending in the Court seeking to transfer the Wisconsin Central Ry, from Section 77 to a Mahaifie Act proceeding. Hearing had been set for March 28 but this has also been postponed until April 11.—V. 169, p. 1493.

Wisconsin Investment Co.—Registers With SEC-

The company on March 31 filed a registration statement with the SEC covering 315,622 shares of its common stock (\$1 par). Underwriter, Loewe & Co., Milwaukee.—V. 168, p. 2332.

Wisconsin Public Service Corp.—Definitive Bonds—

Definitive first mortgage 3% bonds due Nov. 1, 1977, are now available for exchange for outstanding temporary bonds at The Chase Nationa! Bank of the City of New York (43 Exchange Place, New York, N. Y.), The First Wisconsin Trust Co. (Milwaukee, Wis.), and Harris Trust and Savings Bank (Chicago, Ill.).—V. 163, p. 1406.

Yale & Towne Mfg. Co. — Annual Report — Calvert Carey, President, on March 7 said in part:

Capital expenditures in 1948 were \$8,043,312, as against \$4.652.833 in 1947. A large part of this sum was expended in constructing new plants at Philadelphia, Pa., and at Salem, Va. Both plants were placed in operation during the year.

The activities of the Specialties Division were transferred from Stamford to the new plant at Salem. The buildings previously occupied by the Philadelphia Division have been sold.

The company does not now contemplate any further construction of

The company does not now contemplate any further construction of

new plants.
In order to help finance the completion of new facilities and to provide additional working capital, bank credits were arranged in 1948. Under these agreements, the company may borrow up to a total of \$7,000.000 on or before March 31, 1949. The amount outstanding on that date will then be converted into three-year term loans, maturing
